

management contracts specify only a base fee (usually a percentage of total revenue), while others call for both a base fee and an incentive fee (usually a percentage of defined profit). Basic hotel management fees are often based on a percentage of total revenue, which means they have no fixed component. While base fees typically range from 2% to 4% of total revenue, incentive fees are deal specific and often are calculated as a percentage of income available after debt service and, in some cases, after a preferred return on equity. Total management fees for the proposed subject hotel have been forecast at 3.0% of total revenue.

Property Taxes

Property (or ad valorem) tax is one of the primary revenue sources of municipalities. Based on the concept that the tax burden should be distributed in proportion to the value of all properties within a taxing jurisdiction, a system of assessments is established. Theoretically, the assessed value placed on each parcel bears a definite relationship to market value, so properties with equal market values will have similar assessments and properties with higher and lower values will have proportionately larger and smaller assessments.

Depending on the taxing policy of the municipality, property taxes can be based on the value of the real property or the value of the personal property and the real property. We have based our estimate of the proposed subject property's market value (for tax purposes) on an analysis of assessments of comparable hotel properties in the local municipality.

FIGURE 7-14 COUNTY-ASSESSED VALUE OF COMPARABLE HOTELS

We have positioned the future assessment levels of the subject site and proposed improvements, as well as the planned personal property, based upon the illustrated comparable data. We have positioned these assessments closest to the Best Western

Plus The Inn at Horse Heaven and the Best Western Plus Grapevine Inn because of the similarities, including product type; overall, the positioned assessments are well supported by the market data.

Tax rates are based on the city and county budgets, which change annually. The most recent tax rate in this jurisdiction was reported at 12.48710%. The following table shows changes in the tax rate during the last several years.

FIGURE 7-15 COUNTY TAX RATES

Year	Real Property Millage Rate	Personal Property Millage Rate
2016	13.08110	13,08110

Insurance Expense

The insurance expense category consists of the cost of insuring the hotel and its contents against damage or destruction by fire, weather, sprinkler leakage, boiler explosion, plate glass breakage, and so forth. General insurance costs also include premiums relating to liability, fidelity, and theft coverage.

Insurance rates are based on many factors, including building design and construction, fire detection and extinguishing equipment, fire district, distance from the firehouse, and the area's fire experience. Insurance expenses do not vary with occupancy.

FIGURE 7-20 INSURANCE EXPENSE

Reserve for Replacement

Furniture, fixtures, and equipment are essential to the operation of a lodging facility, and their quality often influences a property's class. This category includes all non-real estate items that are capitalized, rather than expensed. The furniture, fixtures, and equipment of a hotel are exposed to heavy use and must be replaced at regular intervals. The useful life of these items is determined by their quality, durability, and the amount of guest traffic and use.

Periodic replacement of furniture, fixtures, and equipment is essential to maintain the quality, image, and income-producing potential of a lodging facility. Because capitalized expenditures are not included in the operating statement but affect an owner's cash flow, a forecast of income and expense should reflect these expenses in the form of an appropriate reserve for replacement.

The International Society of Hospitality Consultants (ISHC) oversees a major industry-sponsored study of the capital expenditure requirements for full-service/luxury, select-service, and extended-stay hotels. The most recent study was published in 2014.⁷ Historical capital expenditures of well-maintained hotels were investigated through the compilation of data provided by most of the major hotel companies in the United States. A prospective analysis of future capital expenditure requirements was also performed based upon the cost to replace short- and long-lived building components over a hotel's economic life. The study showed that the capital expenditure requirements for hotels vary significantly from year to year and depend upon both the actual and effective ages of a property. The results of this

The International Society of Hotel Consultants, CapEx 2014, A Study of Capital Expenditure in the U.S. Hotel Industry.

study showed that hotel lenders and investors are requiring reserves for replacement ranging from 4% to 5% of total revenue.

Based on the results of our analysis and on our review of the proposed subject asset and comparable lodging facilities, as well as on our industry expertise, we estimate that a reserve for replacement of 4% of total revenues is sufficient to provide for the timely and periodic replacement of the subject property's furniture, fixtures, and equipment. This amount has been ramped up during the initial projection period.

Forecast of Revenue and Expense Conclusion

Projected total revenue. House profit, and EBITDA less replacement reserves are set forth in the following table.

FIGURE 7-21 FORECAST OF REVENUE AND EXPENSE CONCLUSION

8. Feasibility Analysis

Return on investment can be defined as the future benefits of an income-producing property relative to its acquisition or construction cost. The first step in performing a return on investment analysis is to determine the amount to be initially invested. For a proposed property, this amount is most likely to be the development cost of the hotel. Based on the total development cost, the individual investor will utilize a return on investment analysis to determine if the future cash flow from a current cash outlay meets his or her own investment criteria and at what level above or below this amount such an outlay exceeds or fails to meet these criteria.

As an individual or company considering investment in hotel real estate, the decision to use one's own cash, an equity partner's capital, or lender financing will be an internal one. Because hotels typically require a substantial investment, only the largest investors and hotel companies generally have the means to purchase properties with all cash. We would anticipate the involvement of some financing by a third party for the typical investor or for those who may be entering the market for hotel acquisitions at this time. In leveraged acquisitions and developments where investors typically purchase or build upon real estate with a small amount of equity cash (20% to 50%) and a large amount of mortgage financing (50% to 80%), it is important for the equity investor to acknowledge the return requirements of the debt participant (mortgagee), as well as his or her own return requirements. Therefore, we will begin our rate of return analysis by reviewing the debt requirements of typical hotel mortgagees.

Mortgage Component

Hotel financing is available for most tiers of the lodging industry from a variety of lender types. The CMBS market is in a phase of strong activity, including lending in the hospitality sector. While many lenders remain active, underwriting standards are more stringent than ten years ago, and loan-to-value ratios remain in the 60% to 70% range. Lenders continue to be attracted to the lodging industry because of the higher yields generated by hotel financing relative to other commercial real estate, and the industry continues to perform strongly in most markets. Commercial banks, mortgage REITs, insurance companies, and CMBS and mezzanine lenders continue to pursue deals.

Data for the mortgage component may be developed from statistics of actual hotel mortgages made by long-term lenders. The American Council of Life Insurance, which represents 20 large life insurance companies, publishes quarterly information pertaining to the hotel mortgages issued by its member companies.

Because of the six- to nine-month lag time in reporting and publishing hotel mortgage statistics, it was necessary to update this information to reflect current lending practices. Our research indicates that the greatest degree of correlation exists between the average interest rate of a hotel mortgage and the concurrent yield on an average-A corporate bond.

The following chart summarizes the average mortgage interest rates of the hotel loans made by these lenders. For the purpose of comparison, the average-A corporate bond yield (as reported by Moody's Bond Record) is also shown.

CORPORATE BOND YIELDS 9.0 8.0 7.0 Rate (%) 6.0 5.0 4.0 3.0 2nd 4th **2nd** 2012 - 2nd 2013 - 2nd 2013 - 4th 2014 - 4th 2016 - 2nd 2012 Avg. Interest Rate (%) --- Avg. A Corp. Bond Yield (%) Sources: American Council of Life Insurance, Moody's Bond Record, HVS

FIGURE 8-1 AVERAGE MORTGAGE INTEREST RATES AND AVERAGE-A

The relationship between hotel interest rates and the yields from the average-A corporate bond can be detailed through a regression analysis, which is expressed as follows.

Y = 0.95670050 X + 0.76453169

Where:

Y = Estimated Hotel Mortgage Interest Rate X = Current Average-A Corporate Bond Yield (Coefficient of correlation is 95%)

The January 23, 2019, average yield on average-A corporate bonds, as reported by Moody's Investors Service, was 4.36%. When used in the previously presented equation, a factor of 4.36 produces an estimated hotel/motel interest rate of 4.94% (rounded).

Despite the recent interest-rate increases, hotel debt remains available at favorable interest rates from a variety of lender types as of late 2018 (e.g., CMBS, balance-sheet lenders, insurance companies, SBA lenders, and other sources). The most prevalent interest rates for single hotel assets are currently ranging from 5.0% to 7.0%, depending on the type of debt, loan-to-value ratio, and the quality of the asset and its market.

In addition to the mortgage interest rate estimate derived from this regression analysis, HVS constantly monitors the terms of hotel mortgage loans made by our institutional lending clients. Fixed-rate debt is being priced at roughly 250 to 500 basis points over the corresponding yield on treasury notes. As of January 23, 2019, the yield on the ten-year T-bill was 2.74%, indicating an interest rate range from 5.2% to 7.7%. The hotel investment market has been very active given the strong performance of this sector and low interest rates in recent years. The Federal Reserve raised the federal funds rate by 25 basis points in December 2016, March 2017, June 2017, March 2018, and June 2018; the Fed increased rates again in September 2018 to a range between 2.0% and 2.25%. Hotel mortgage interest rates have been affected modestly by the recent rate increases given the contraction in interest-rate spreads; however, future increases by the Fed raises the prospect of a higher cost of debt capital for hotel investors in late 2018 and 2019. Hotel values have not yet been affected by the rise in the Fed rate; furthermore, debt capital is expected to remain available at favorable interest rates in the near term. At present, we find that lenders that are active in the market are using loan-to-value ratios of 60% to 70%, and amortization periods of 20 to 30 years. Loan-to-value ratios in 2018 are not as robust as those from a couple of years ago, when ratios as high as 75% were available.

Based on our analysis of the current lodging industry mortgage market and adjustments for specific factors, such as the property's site, proposed facility, and conditions in the Grandview hotel market, it is our opinion that a 5.50% interest, 25-year amortization mortgage with a 0.073690 constant is appropriate for the proposed subject hotel. In the mortgage-equity analysis, we have applied a loan-to-cost ratio of 65%, which is reasonable to expect based on this interest rate and current parameters.

Equity Component

The remaining capital required for a hotel investment generally comes from the equity investor. The rate of return that an equity investor expects over a ten-year holding period is known as the equity yield. Unlike the equity dividend, which is a

short-term rate of return, the equity yield specifically considers a long-term holding period (generally ten years), annual inflation- adjusted cash flows, property appreciation, mortgage amortization, and proceeds from a sale at the end of the holding period. To establish an appropriate equity yield rate, we have used two sources of data: past appraisals and investor interviews.

Hotel Sales – Each appraisal performed by HVS uses a mortgage-equity approach in which income is projected and then discounted to a current value at rates reflecting the cost of debt and equity capital. In the case of hotels that were sold near the date of our valuation, we were able to derive the equity yield rate and unlevered discount rate by inserting the ten-year projection, total investment (purchase price and estimated capital expenditure and/or PIP) and debt assumptions into a valuation model and solving for the equity yield. The overall capitalization rates for the historical income and projected first-year income are based on the sales price "as is." The following table shows a representative sample of hotels that were sold on or about the time that we appraised them, along with the derived equity return and discount rates based on the purchase price and our forecast.

Investor Interviews - During the course of our work, we continuously monitor investor equity-yield requirements through discussions with hotel investors and brokers. We find that equity yield rates currently range from a low in the low-to-mid teens for high-barrier-to-entry "trophy assets"; the upper teens for high quality, institutional-grade assets in strong markets; and the upper teens to low 20s for quality assets in more typical markets. Equity yield rates tend to exceed 20% for aging assets with functional obsolescence and/or other challenging property- or market-related issues. Equity return requirements also vary with an investment's level of leverage.

The following table summarizes the range of equity yields indicated by hotel sales and investor interviews. We note that there tends to be a lag between the sales data and current market conditions, and thus, the full effect of the change in the economy and capital markets may not yet be reflected.

FIGURE 8-4 SUMMARY OF EQUITY YIELD OR INTERNAL RATE OF RETURN REQUIREMENTS

Source	Data Point Range	Average
HVS Hotel Sales - Full-Service & Luxury	12.2% - 21.2%	16.8%
HVS Hotel Sales - Select-Service & Extended-Stay	12.7% - 26.1%	18.8%
HVS Hotel Sales - Limited-Service	17% - 23.9%	20.2%
HVS Investor Interviews	13% - 25%	

Based on the assumed 65% loan-to-cost ratio, the risk inherent in achieving the projected income stream, and the anticipated market position of the subject property, it is our opinion that an equity investor could expect to receive a 5.0% internal rate of return over a 10-year holding period, assuming that the investor obtains financing at the time of the project's completion at the loan-to-cost ratio and interest rate set forth.

Terminal Capitalization
Rate

Inherent in this valuation process is the assumption of a sale at the end of the tenyear holding period. The estimated reversionary sale price as of that date is calculated by capitalizing the projected eleventh-year net income by an overall terminal capitalization rate. An allocation for the selling expenses is deducted from this sale price, and the net proceeds to the equity interest (also known as the equity residual) are calculated by deducting the outstanding mortgage balance from the reversion.

We have reviewed several recent investor surveys. The following chart summarizes the averages presented for terminal capitalization rates in various investor surveys during the past decade.

FIGURE 8-5 HISTORICAL TRENDS OF TERMINAL CAPITALIZATION RATES

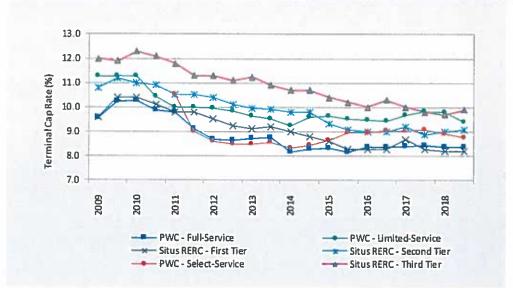

FIGURE 8-6 TERMINAL CAPITALIZATION RATES DERIVED FROM INVESTOR SURVEYS

Source	Data Point Range	Average
HVS Brokers Survey - Fall 2018		
Limited-Service & Economy Hotels	5.0% - 11.0%	8.8%
Select-Service Hotels	4.5% - 10.0%	8,3%
Full-Service Hotels	4.5% - 10.0%	7.7%
Luxury & Upper Upscale Hotels	5,0% - 10,0%	7.0%
PWC Real Estate Investor Survey - 3rd Quarter 2018		
Limited-Service Hotels	7.75% - 11.0%	9.4%
Select-Service Hotels	7.0% - 10.0%	8.8%
Full-Service Hotels	7.0% - 10.0%	8.4%
Luxury Hotels	5,5% - 9,5%	7.3%
USRC Hotel Investment Survey - Mid-Year 2018		
Full-Service Hotels	7.5% - 9.5%	8.3%
Limited-Service Hotels	8.0% - 9.5%	9.0%
Situs RERC Real Estate Report - 2nd Quarter 2018		
First Tier Hotels	5.2% - 10.5%	8.2%
Second Tier Hotels	6.5% - 11.3%	9.1%
Third Tier Hotels	8.5% - 11.8%	9.9%

For purposes of this analysis, we have applied a terminal capitalization rate of 10.50%. Our final position for the terminal capitalization rate reflects the current market for hotel investments and also considers the subject property's attributes. Terminal capitalization rates, in general, have remained stable over the past few years. Terminal cap rates are at the low end of the range for quality hotel assets in markets with high barriers to entry and at the high end of the range for older assets or for those suffering from functional obsolescence and/or weak market conditions, reflecting the market's recognition that certain assets have less opportunity for significant appreciation.

Mortgage-Equity Method

As the two participants in a real estate investment, investors and lenders must evaluate their equity and debt contributions based on their particular return requirements. After carefully weighing the risk associated with the projected economic benefits of a lodging investment, the participants will typically make their decision whether or not to invest in a hotel or resort by determining if their investment will provide an adequate yield over an established period. For the lender, this yield will typically reflect the interest rate required for a hotel mortgage over a period of what can range from seven to ten years. The yield to the equity

participant may consider not only the requirements of a particular investor, but also the potential payments to cooperative or ancillary entities such as limited partner payouts, stockholder dividends, and management company incentive fees.

The return on investment analysis in a hotel acquisition would not be complete without recognizing and reflecting the yield requirements of both the equity and debt participants. The analysis will now calculate the yields to the mortgage and equity participants during a ten-year projection period.

The annual debt service is calculated by multiplying the mortgage component by the mortgage constant.

Mortgage Component	\$4,412,000
Mortgage Constant	0.073690
Annual Debt Service	\$325,000

The yield to the lender based on a 65% debt contribution equates to an interest rate of 5.50%, which is calculated as follows.

Year	Total Annual Debt Service	P	resent Worth of \$: Factor at 5.4%	ı	Discounted Cash Flow
2021	\$325,000	х	0.948504		\$308,000
2022	325,000	×	0.899660		292,000
2023	325,000	x	0.853331	=	277,000
2024	325,000	×	0.809388	=	263,000
2025	325,000	x	0.767708	-	250,000
2026	325,000	х	0.728174		237,000
2027	325,000	х	0.690676	=	224,000
2028	325,000	x	0.655109	=	213,000
2029	325,000	x	0.621374	=	202,000
2030	3,641,000 *	×	0.589376	= .	2,146,000
		Valu	e of Mortgage C	ompone	\$4,412,000

The following table illustrates the cash flow available to the equity position, after deducting the debt service from the projected net income.

FIGURE 8-8	NET INCOME TO EQUITY						
	Year	Net Income Available for Debt Service		Total Annual Debt Service		Net Income to Equity	
	2021	\$270,000		\$325,000		(\$55,000	
	2022	\$423,000	-	325,000	=	\$98,000	
	2023	\$462,000	-	325,000	=	\$137,000	
	2024	\$475,000	-	325,000	=	\$150,000	
	2025	\$489,000		325,000	=	\$164,000	
	2026	\$504,000		325,000	=	\$179,000	
	2027	\$520,000	100	325,000		\$195,000	
	2028	\$535,000	-33	325,000	=	\$210,000	
	2029	\$551,000		325,000	=	\$226,000	
	2030	\$567,000		325,000	=	\$242,000	

In order for the present value of the equity investment to equate to the \$2,376,000 capital outlay, the investor must accept a 5.0% return, as shown in the following table.

FIGURE 8-9 EQUITY COMPONENT YIELD

A STATE	Year	Net Income to Equity		sent Worth of \$ Factor at 5.0%	Discounted Cash Flow	
	2021	-\$55,000	x	0.952317	-	-\$52,000
	2022	\$98,000	x	0.906908	=	89,000
	2023	\$137,000	x	0.863664		118,000
	2024	\$150,000	x	0.822483	-	123,000
	2025	\$164,000	X	0.783265	-	128,000

	2030	\$2,296,000 *	×	0.613503	= .	1,409,000
			Value	of Equity Com	ponent	\$2,376,000

Conclusion

In determining the potential feasibility of the Proposed Limited-Service Hotel Grandview, we analyzed the lodging market, researched the area's economics, reviewed the estimated development cost, and prepared a ten-year forecast of

income and expense, which was based on our review of the current and historical market conditions, as well as comparable income and expense statements.

The conclusion of this analysis indicates that an equity investor contributing \$2,376,000 (roughly 35% of the \$6,800,000 development cost) could expect to receive a 5.0% internal rate of return over a ten-year holding period, assuming that the investor obtains financing at the time of the project's completion at the loan-tovalue ratio and interest rate set forth. Based on our market analysis, there is not sufficient market support for the proposed limited-service hotel. Our review of investor surveys indicates equity returns ranging from 12.7% to 26.1%, with an average of 18.8%. Based on market parameters, the calculated return to the equity investor, 5.0%, is below the average and the range of market-level returns given the anticipated cost to build a hotel of this type, estimated to be approximately \$6,800,000. In order for a project of this type to be feasible, it would need the support of the city and/or county government via incentives to help offset the construction cost. These incentives could include (but are not limited to) property tax exemptions, providing the land at no cost, waiving the development and impact fees, and providing discounted or free utilities connections. In addition, Grandview would need to attract more local employers, particularly employers that utilize overnight lodging, for a hotel of this type to remain successful in the long term.

The analysis is based on the extraordinary assumption that the described improvements have been completed as of the stated date of opening. The reader should understand that the completed subject property does not yet exist as of the date of this report. Our feasibility study does not address unforeseeable events that could alter the proposed project, and/or the market conditions reflected in the analyses; we assume that no significant changes, other than those anticipated and explained in this report, shall take place between the date of inspection and stated date of opening. The use of this extraordinary assumption may have affected the assignment results. We have made no other extraordinary assumptions specific to this feasibility study. However, several important general assumptions have been made that apply to this feasibility study and our studies of proposed hotels in general. These aspects are set forth in the Assumptions and Limiting Conditions chapter of this report.

9. Statement of Assumptions and Limiting Conditions

- 1. This report is set forth as a feasibility study of the proposed subject hotel; this is not an appraisal report.
- 2. This report is to be used in whole and not in part.
- No responsibility is assumed for matters of a legal nature, nor do we render
 any opinion as to title, which is assumed marketable and free of any deed
 restrictions and easements. The property is evaluated as though free and
 clear unless otherwise stated.
- 4. We assume that there are no hidden or unapparent conditions of the subsoil or structures, such as underground storage tanks, that would affect the property's development potential. No responsibility is assumed for these conditions or for any engineering that may be required to discover them.
- We have not considered the presence of potentially hazardous materials or any form of toxic waste on the project site. We are not qualified to detect hazardous substances and urge the client to retain an expert in this field if desired.
- 6. The Americans with Disabilities Act (ADA) became effective on January 26, 1992. We have assumed the proposed hotel would be designed and constructed to be in full compliance with the ADA.
- 7. We have made no survey of the site, and we assume no responsibility in connection with such matters. Sketches, photographs, maps, and other exhibits are included to assist the reader in visualizing the property. It is assumed that the use of the described real estate will be within the boundaries of the property described, and that no encroachment will exist.
- 8. All information, financial operating statements, estimates, and opinions obtained from parties not employed by TS Worldwide, LLC are assumed true and correct. We can assume no liability resulting from misinformation.
- 9. Unless noted, we assume that there are no encroachments, zoning violations, or building violations encumbering the subject property.
- 10. The property is assumed to be in full compliance with all applicable federal, state, local, and private codes, laws, consents, licenses, and regulations (including the appropriate liquor license if applicable), and that all licenses, permits, certificates, franchises, and so forth can be freely renewed or transferred to a purchaser.

- 11. All mortgages, liens, encumbrances, leases, and servitudes have been disregarded unless specified otherwise.
- 12. None of this material may be reproduced in any form without our written permission, and the report cannot be disseminated to the public through advertising, public relations, news, sales, or other media.
- 13. We are not required to give testimony or attendance in court because of this analysis without previous arrangements and shall do so only when our standard per-diem fees and travel costs have been paid prior to the appearance.
- 14. If the reader is making a fiduciary or individual investment decision and has any questions concerning the material presented in this report, it is recommended that the reader contact us.
- 15. We take no responsibility for any events or circumstances that take place subsequent to the date of our field inspection.
- 16. The quality of a lodging facility's onsite management has a direct effect on a property's economic viability. The financial forecasts presented in this analysis assume responsible ownership and competent management. Any departure from this assumption may have a significant impact on the projected operating results.
- 17. The financial analysis presented in this report is based upon assumptions, estimates, and evaluations of the market conditions in the local and national economy, which may be subject to sharp rises and declines. Over the projection period considered in our analysis, wages and other operating expenses may increase or decrease because of market volatility and economic forces outside the control of the hotel's management. We assume that the price of hotel rooms, food, beverages, and other sources of revenue to the hotel will be adjusted to offset any increases or decreases in related costs. We do not warrant that our estimates will be attained, but they have been developed based upon information obtained during the course of our market research and are intended to reflect the expectations of a typical hotel investor as of the stated date of the report.
- 18. This analysis assumes continuation of all Internal Revenue Service tax code provisions as stated or interpreted on either the date of value or the date of our field inspection, whichever occurs first.
- 19. Many of the figures presented in this report were generated using sophisticated computer models that make calculations based on numbers carried out to three or more decimal places. In the interest of simplicity, most numbers have been rounded to the nearest tenth of a percent. Thus, these figures may be subject to small rounding errors.

- 20. It is agreed that our liability to the client is limited to the amount of the fee paid as liquidated damages. Our responsibility is limited to the client; the use of this report by third parties shall be solely at the risk of the client and/or third parties. The use of this report is also subject to the terms and conditions set forth in our engagement letter with the client.
- 21. Evaluating and comprising financial forecasts for hotels is both a science and an art. Although this analysis employs various mathematical calculations to provide value indications, the final forecasts are subjective and may be influenced by our experience and other factors not specifically set forth in this report.
- 22. This study was prepared by TS Worldwide, LLC. All opinions, recommendations, and conclusions expressed during the course of this assignment are rendered by the staff of TS Worldwide, LLC as employees, rather than as individuals.

10. Certification

The undersigned hereby certify that, to the best of our knowledge and belief:

- 1. the statements of fact presented in this report are true and correct;
- the reported analyses, opinions, and conclusions are limited only by the reported assumptions and limiting conditions, and are our personal, impartial, and unbiased professional analyses, opinions, and conclusions;
- 3. we have no present or prospective interest in the property that is the subject of this report and no personal interest with respect to the parties involved;
- 4. we have no bias with respect to the property that is the subject of this report or to the parties involved with this assignment;
- 5. our engagement in this assignment was not contingent upon developing or reporting predetermined results;
- our compensation for completing this assignment is not contingent upon the
 development or reporting of a predetermined result or direction in
 performance that favors the cause of the client, the attainment of a
 stipulated result, or the occurrence of a subsequent event directly related to
 the intended use of this study;
- our analyses, opinions, and conclusions were developed, and this report has been prepared, in conformity with the Uniform Standards of Professional Appraisal Practice;
- 8. Eileen Bosworth personally inspected the property described in this report; Desiree M. Flanary, MAI, participated in the analysis and reviewed the findings, but did not personally inspect the property;
- 9. Eileen Bosworth provided significant assistance to Desiree M. Flanary, MAI, and that no one other than those listed above and the undersigned prepared the analyses, conclusions, and opinions concerning the real estate that are set forth in this report; Desiree M. Flanary, MAI, has not performed services, as an appraiser or in any other capacity, on the property that is the subject of this report within the three-year period immediately preceding acceptance of this assignment;
- the reported analyses, opinions, and conclusions were developed, and this
 report has been prepared, in conformity with the requirements of the Code
 of Professional Ethics and the Standards of Professional Appraisal Practice
 of the Appraisal Institute;

- 11. the use of this report is subject to the requirements of the Appraisal Institute relating to review by its duly authorized representatives; and
- 12. as of the date of this report, Desiree M. Flanary, MAI, has completed the continuing education program for Designated Members of the Appraisal Institute.

> Re: Proposed Limited-Service Hotel Grandview, Washington

Dear Mr. Kidd:

Thank you for your recent inquiry pertaining to your Grandview, Washington project; we are pleased to submit this proposal for our services. We are certain that we will be able to provide you with the precise mix of experience and skills you will need for this engagement. HVS is internationally recognized as the leader in hospitality consulting, providing the highest-quality experience in this arena. HVS is unique among hospitality consulting firms and offers NaviRetail, LLC unparalleled credibility, specialized experience, and a track record of success.

The attached proposal sets forth a description of the objectives and scope of the assignment, along with a detailed description of the methodology to be employed, an estimate of the time requirements, and a schedule of professional fees. The proposal also includes a list of requested information that we would require for completing the study.

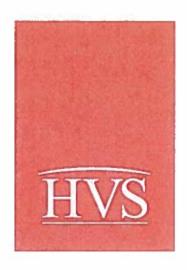

Additionally, for your convenience, we have enclosed a confirmation letter detailing this proposal. If the proposal meets your acceptance, please sign, and then return a copy of the accompanying confirmation, together with your retainer check. If you have any questions regarding the contents of the proposal, please do not hesitate to contact me. Thank you for the opportunity to submit this proposal for your project.

Very truly yours,

HVS, Division of TS Worldwide, LLC

PROPOSAL FOR A SUMMARY MARKET STUDY WITH FACILITY RECOMMENDATION AND FEASIBILITY ANALYSIS

Proposed Limited-Service Hotel, Grandview, Washington

SUBMITTED TO:

Casey Kidd Chief Executive Officer NaviRetail, LLC 5100 Poplar Avenue Memphis, Tennessee 37137 (662) 419-8098 Casey@NaviRetail.com

PREPARED BY:

HVS NASHVILLE Division of TS Worldwide, LLC 1816 Stonewater Drive Hermitage, TN 37076 (615) 473-2447 (516) 742-3059 FAX

December 2, 2018

Proposal for a Summary Market Study with Facility Recommendation and Feasibility Analysis

Pursuant to our conversation, we are pleased to submit this proposal for services of the HVS division of TS Worldwide LLC in connection with the proposed hotel project in Grandview, Washington. This letter sets forth a description of the objectives and scope of the assignment, along with the methodology to be employed, an estimate of the time requirements, and a schedule of professional fees.

Objective

The objective of this assignment is to perform a summary market study with facility recommendation and feasibility analysis for the purpose of evaluating the market demand, analyzing the economics, projecting income and expense, and determining the feasibility of a Proposed Limited-Service Hotel in Grandview, Washington. Our study will also include a recommendation of the size, quality and type of lodging facility, and an optimal brand chain scale for the hotel.

Phase One: Fieldwork

To accomplish the objective described above, our work will be conducted in three phases, which typically include the following steps:

- An onsite inspection of the subject site will be made. The physical orientation of the subject site with respect to access and visibility to highways, other forms of transportation, and the local demand for accommodations will be analyzed. We will also review the supportive nature of surrounding land uses as they relate to the subject site.
- 2. The demand for hotel accommodations will be investigated to identify the various generators of visitation operating within the local market. The current and anticipated potential of each of these market segments will be evaluated to determine the extent of existing and future demand. Interviews with officials of business and government, as well as statistical data collected during the fieldwork, are useful in locating and quantifying transient demand. In conjunction with the identification of potential demand, an investigation will be made of the respective strengths of these markets in terms of seasonality, weekly demand fluctuations, vulnerability to economic trends and changes in travel patterns, and other related factors. Similar market-research procedures are utilized in estimating the demand for food, beverage, banquet, and other facilities, if applicable.

- 3. The market orientation of nearby lodging facilities will be evaluated to determine their competitive position with respect to the subject site. Those properties displaying similar market attributes will receive a physical inspection, along with selective management interviews, to estimate levels of occupancy, room rates, market segmentation, and other pertinent operational characteristics. Some of the competitive factors that will be specifically reviewed include location, type and quality of facilities, physical condition, management expertise, and chain affiliation.
- 4. Statistical data relating to general economic and demographic trends often foreshadow future potential for market areas and neighborhoods. Interviews with local Chambers of Commerce, economic development agencies, and other related organizations, along with an investigation of the proposed subject property's primary market area, will reveal patterns reflecting growth, stability, or decline.
- Through interviews with hotel operators, developers, governmental
 officials, and others, we will ascertain the status of projects under
 construction, proposed, or rumored that might be competitive with the
 proposed subject property.

The following analysis phase will utilize data and information gathered during the fieldwork phase, along with our extensive library of actual hotel operating statements, financial statistics, area hotel trends, and investor requirements.

We will first compose a facilities and brand chain-scale recommendation. This recommendation will be based on the demands of the local and pertinent regional market and will address the following points:

- Room count and room type mix (suites vs. standard rooms)
- Food and beverage facilities
- Meeting and function space
- Recreational amenities
- Brand chain scale

These recommendations will include comparisons for each category to the relevant competitive market. Based on the above noted recommendations,

We will then perform a supply-and-demand analysis for the proposed subject property to forecast its market orientation and competitive position with respect to other lodging facilities. The supply-and-demand analysis typically encompasses the following steps:

Phase Two: Analysis

- a) Using the occupancy levels and market segmentations of the competitive properties, the number of room nights accommodated in each segment is calculated by multiplying each property's room count by its occupancy, market segmentation, and 365 days, which yields the accommodated-roomnight demand. The annual number of room nights occupied per room in each segment is also calculated (room nights occupied per year divided by the room count), and the resulting figure serves as a competitive index.
- b) Latent demand (unaccommodated and induced demand) is estimated for each market segment,
- c) Growth rates are projected for each of the market segments.
- d) The total usable room-night demand, which consists of usable latent demand and accommodated demand, is projected.
- e) The area's guestroom supply and total room nights available are quantified for each projection year.
- f) The overall competitive occupancy is calculated for each projection year.
- g) Using competitive indexes, the relative competitiveness of each of the area hotels is evaluated.
- h) This analysis will result in a quantification and documentation of probable future trends in the proposed subject property's occupancy, average rate, and overall rooms revenues.

A similar procedure will be utilized in projecting food, beverage, and other revenues, if applicable. Using actual income and expense statements of comparable lodging facilities, we will develop income and expense estimates corresponding to the level of activity and quality of operations indicated by the projected occupancy and average rate.

A projection of income and expenses representing future expectations of income potential will be made for a ten-year period. This analysis will utilize HVS Software—a sophisticated, computerized, financial analysis package that was developed by Steve Rushmore and Suzanne Mellen. The logic behind the projection of income and expense is based on the premise that hotel revenue and expenses have one component that is fixed and another that varies directly with occupancy and facility usage. The software takes a known level of revenue or expense and calculates the fixed and variable components. The fixed component is then held constant, while the variable component is adjusted for the percent change between the projected occupancy and facility usage that produced the known level of revenue or expense. Our projected income statements conform with the *Uniform System of Accounts for the Lodging Industry* and include a detailed line-by-line account of all revenue sources and expenses.

Phase Three: Feasibility Analysis

For a proposed hotel, the total project cost is estimated by applying industry cost parameters to the planned facilities and concept. Included in the final figure are all hard costs, such as building construction; furniture, fixtures, and equipment (FF&E); and land value, as well as soft costs, such as legal and architectural fees, financing costs, insurance, and taxes during construction. The final figure also includes pre-opening expenses, operating capital, contingencies, and a developer's profit. Data from applicable sources, including the Hotel Development Cost Survey published annually by HVS, shall be used to determine costs of similar projects.

The current market for hotel/motel transfers, mortgage rates, and hostelry equity investment requirements will be researched. Following the recommended procedures and industry standards set forth in the textbooks *The Valuation of Hotels and Motels, Hotels, Motels and Restaurants: Valuations and Market Studies,* and *Hotels and Motels: A Guide to Market Analysis, Investment Analysis, and Valuations* that we authored, a return on investment (ROI) analysis will be made to determine the potential internal rate of return (IRR) for the equity participant(s). Based on this rate, an opinion of feasibility will be offered.

OPTIONAL – Economic Impact Analysis: HVS has the ability to provide an economic impact analysis of the proposed subject property and conference center. HVS will estimate three types of spending impacts in the analysis:

- Direct impacts include the visitor expenditures, payroll, and employment resulting from the opening of the proposed subject property.
- Indirect impacts are the supply of goods and services resulting from the initial direct facility-related spending.
- Induced impacts represent the change in local consumption due to the personal spending by employees whose incomes are affected by direct and indirect spending.

Indirect and induced impacts are often referred to as the multiplier effects, which vary depending upon the types of spending and the characteristics of the local economy.

HVS will use the IMPLAN input-output model to estimate indirect and induced impacts. IMPLAN is a nationally recognized model commonly used to estimate economic impacts. An input-output model generally describes the commodities and income that normally flow through the various sectors of the economy. The indirect and induced expenditure, payroll, and employment effects result from

the estimated changes in the flow of income and goods caused by the projected direct impacts. IMPLAN data are available by state, county, and zip code levels.

Moreover, fiscal impacts represent the incremental tax revenue collected by the City, County, and State associated with the net new spending related to the activity at the facility. For example, our analysis estimates the hotel tax revenue from an overnight stay by an event attendee and considers this a fiscal impact.

Phase Four: Written Report Complete documentation of our fieldwork and analyses will be set forth in a written report and will contain the following sections:

- 1. Purpose of the study
- 2. Description of the site and neighborhood
- 3. Review of the market area
- 4. Analysis of the market for hotel accommodations
- 5. Examination of existing and proposed competition
- 6. Facilities and brand chain-scale recommendation
- 7. Projection of occupancy and average rate
- 8. Income and expense projections
- 9. ROI analysis and feasibility conclusion

When appropriate, we will include graphics such as photographs, maps, surveys, plans, and charts to assist in visualizing our findings.

Additional Services

Following the completion of this engagement, HVS can be engaged for additional development consulting services at the client's discretion, including:

- Design and Architecture
- Development Project Management
- Construction Management
- Financing
- Franchise / Brand Search and Contract Negotiations
- Management / Operator Search and Contract Negotiations
- Hotel Management
- Asset Management

Requested Information

To aid us in performing this assignment, we request that you provide us with the following information (where applicable):

- 6. Name of contact person for site tour
- Terms of purchase or sale of the site, including options and listings, as well as the price, date, and financing information; please include a copy of the contract and closing statement
- 8. Capital budget (cost) projections
- 9. The most recent real property tax bill for the land
- 10. Name of legal owner and detailed ownership history for the subject site for the last five years
- 11. Architectural/floor plans and plot plans, survey, and legal description in PDF
- 12. If available: operating budgets, projections, marketing plans, etc.
- 13. If available: any preliminary management contracts and franchise agreements that may be in place
- 14. If available: past appraisals, market and feasibility studies, impact studies, prospectuses, Smith Travel STAR reports; any Phase I or Phase II environmental audit reports

Timing

We anticipate that Phases I, II, and III of the feasibility study will be completed within approximately 21 to 24 days from the date we receive the signed proposal, all requested information, and the retainer check. At that time, we will provide you with a *verbal* summary of findings; for this conference, we will provide you with various charts and data tables that support our findings.

After your review of our findings, upon your authorization and payment of our invoice, we will then prepare the feasibility report, which will take an additional 10 to 14 days.

Signed Proposal & Retainer Received by HVS Requested Information Received by HVS

Fieldwork & Analysis Timing Commences

Study Findings (Tables) Provided to You Invoice Provided for Narrative Report

Payment for Remaining Assignment Fee Received by HVS Writing Phase Commences (after full payment)

Narrative Report Provided to You

Professional Fees

Our fee for the Phases I, II, and III will be \$7,500, payable \$5,625 upon execution of this agreement, and the balance payable upon request for the feasibility study report (Phase IV).

It is our normal policy to provide an electronic draft copy of our final report for your review. After confirmation that our invoice for services has been paid in full, this draft will be provided in PDF and will include a watermark "Draft." Upon your approval of this draft, we will commence preparation of the final report. This fee includes one electronic copy of the final report, which will be delivered to you via email in PDF. Upon your request, we can prepare one bound, hard copy that can be mailed to you at no additional cost. If more than one hard copy is required, additional copies of the report can be prepared for a fee of \$250 per copy. Reports are not transmitted in Microsoft Word format.

Related expenses are included in this fee.

If, upon completion of Phases I, II, and III of this assignment, our analysis should indicate that the project is not feasible, we will inform you of this conclusion. At that point, you may elect to have us cease work on this project. Our fee for these phases will be the retainer paid, plus out-of-pocket travel and related expenses (such as any Smith Travel Research trend report charges).

After completing the fieldwork phase of this assignment, should it become necessary to alter the parameters of the study, such as the property description, opening date, location, or any other factor that could change the final conclusions, the HVS division of TS Worldwide LLC will be entitled to charge an additional fee based on our current per-diem rates and the time required to incorporate the necessary changes into our analysis and report. In addition, the estimate of timing will be extended by an amount equal to the added work.

Payment Due Dates

If payment for professional fees and out-of-pocket travel and related expenses is not received within thirty (30) days of the billing date, HVS reserves the right to suspend all work until payment is made and apply a service charge of 1.5 percent per month, or fraction thereof, to the total unpaid sum. Should any type of action becomes necessary to enforce collection of bills rendered, it is further agreed that you will be responsible for all collection costs, including but not limited to court costs and reasonable legal fees. It is understood that HVS may extend the time for payment on any part of billings rendered without affecting the understanding outlined above.

Collection of
Outstanding
Professional Fees

The parties to this contract agree that any disputes regarding professional fees and/or other charges owed to HVS will be resolved in accordance with Texas law (TS Worldwide is a Texas-based LLC with a home office location of 2601 Sagebrush Drive, Suite 101, Flower Mound, Texas, 75028). The parties to this contract further agree that (a) any legal action regarding money owed to HVS will take place in Texas; (b) Texas courts have exclusive jurisdiction for resolution of disputes; and (c) the plaintiff will have the choice of venue in any county in the State of Texas.

Limitations of Liability

It is agreed that our company's liability, our employees, and anyone else associated with this assignment is limited to the amount of the fee paid as liquidated damages. You acknowledge that any opinions, recommendations, and conclusions expressed during this assignment will be rendered by the staff acting solely as employees and not as individuals. Our responsibility is limited to the client; use of our product by third parties shall be solely at the risk of the client and/or third parties. The study described in this proposal will be made subject to

Conclusion

certain assumptions and limiting conditions. A copy of our normal assumptions and limiting conditions will be provided upon request.

If the foregoing proposal meets with your acceptance, please sign, and then and return one copy of the accompanying confirmation, together with your retainer check in the amount of \$5,625. Your signature beneath the words "Agreed to and Accepted" signifies your agreement to employ the HVS division of TS Worldwide LLC for these services. In order to schedule our assignments and perform your study in accordance with the timing set forth above, we ask that you return an executed copy of this agreement by January 11, 2019. We appreciate the opportunity of submitting this proposal and look forward to working with you on this assignment.

Very truly yours,

HVS

CONFIRMATION

Client: Casey Kidd

NaviRetail, LLC

Date:

December 2, 2018

Your signature beneath the words "Agreed to and Accepted" signifies your agreement to employ the HVS division of TS Worldwide LLC for the services described in the accompanying proposal titled "Proposal for a Summary Market Study with Facility Recommendation and Feasibility Analysis." A summary of the proposal's salient data is as follows:

Type of Assignment:	Summary Market Study with Facility Recommendation and Feasibility Analysis
Property Name:	Proposed Limited-Service Hotel
Property Location:	Grandview, Washington
Timing:	Ph. I-III: 21 to 24 Days; Ph. IV: 10 to 14 Days
Total Fee (Phases I, II, III, IV):	\$7,500, includes expenses (Optional: Economic Impact add-on: \$3,000)
Number of Final Copies:	Electronic Copy Only (Hard Copy Upon Request)
Retainer:	\$5,625 (Add \$3,000 if Economic Impact option selected)

In order to schedule our assignments and perform your study in accordance with the timing set forth above, we ask that you return an executed copy of this agreement by January 11, 2019.

Payment must be made in U.S. dollars, using either a check drawn on a U.S. bank or a wire transfer of funds to the account of TS Worldwide LLC. After completing the fieldwork phase of this assignment, should it become necessary to alter the parameters of the assignment, such as the property description(s); date(s) of hotel opening(s); financial, management, or ownership structure(s); or any other factor that could change the final estimate(s) of operating results, the HVS division of TS Worldwide LLC will be entitled to charge an additional fee based on our current per-diem rates and the time required to incorporate the necessary changes into our analysis and reports. In addition, the estimate of timing will be extended by an amount equal to the added work. Notwithstanding the fee payment schedule set forth above, if, at any time while performing this assignment, it becomes necessary to suspend work for a period of 30 days or more, then the HVS division of TS Worldwide LLC will be entitled to bill for the portion of the assignment completed up to the suspension (less any retainer paid) at its current per-diem rates.

It is agreed that the liability of the HVS division of TS Worldwide LLC, its employees, and anyone else associated with this assignment is limited to the amount of the fee paid as liquidated damages. You acknowledge that any opinions, recommendations, and conclusions expressed during this assignment will be rendered by the staff of TS Worldwide LLC acting solely as employees and not as individuals. Any responsibility of HVS is limited to the client; use of our product by third parties shall be solely at the risk of the client and/or third parties. The study described in this proposal will be made subject to certain assumptions and limiting conditions. A copy of our normal assumptions and limiting conditions will be provided upon request.

FROM: Matthew Cordray, City Treasurer

DATE: April 16, 2019

SUBJECT: HOTEL/MOTEL TAXES TO CHAMBER OF COMMERCE

I have received accounting of the Chamber's 2018 tourism expenditures of the Hotel/Motel taxes remitted to them in and prior to 2018. My review of the expenditures included cancelled checks written on the Chamber's account and corresponding invoices for services or materials. The 2018 expenses claimed by the Chamber of Commerce are \$1,788.78.

City of Grandview Resolution 87-15, paragraph 3. Records. States "The Chamber shall keep and provide all copies of any and all records, receipts, lists, descriptions and itemizations of expenses involved in the Chamber's activities in promoting and advertising the City of Grandview and encouraging tourism expansion upon request by the City."

There was sufficient evidence of invoice support for all checks written on the Tourism account. I again relied heavily on past tourism activities of the Chamber of Commerce and the documentation of same. Expenses for 2018 were consistent with recent prior years.

Based on my review of the Chamber records, they are due the Hotel/Motel Taxes receipted by the City during 2018. That amount is \$1,761.72, to be processed by a Treasurer's check after Council's approval at the April 23, 2019 Committee-of-the-Whole meeting.

CITY OF GRANDVIEW AGENDA ITEM HISTORY/COMMENTARY COMMITTEE-OF-THE-WHOLE MEETING

Ordinance amending the 2019 Annual Budget

DEPARTMENT
City Treasurer

DEPARTMENT DIRECTOR REVIEW

Matthew Cordray, City Treasurer

MAYOR

AGENDA NO.: New Business 4 (C)

AGENDA DATE: April 23, 2019

FUNDING CERTIFICATION (City Treasurer)
(If applicable)

MAYOR

ITEM HISTORY (Previous council reviews, action related to this item, and other pertinent history)

Staff monitoring and review of fund and department budgets has identified a few budget accounts to be amended. An ordinance will be prepared to provide for the amending of the 2019 Annual Budget to accommodate the changes in sources and uses.

ITEM COMMENTARY (Background, discussion, key points, recommendations, etc.) Please identify any or all impacts this proposed action would have on the City budget, personnel resources, and/or residents.

By Fund the highlights of the budget changes are:

STREET FUND: Increase appropriations for Overtime and Repairs & Maintenance in Snow and Ice Control. Net effect is a decrease in estimated ending fund balance.

TRANSPORTATION BENEFIT DISTRICT FUND: Increase appropriations for Wine Country Road Resurfacing – E. Stover to I-82 Ramp project. Net effect is a decrease in estimated ending fund balance.

CAPITAL IMPROVEMENT FUND: Increase appropriations for museum roof. Net effect is a decrease in estimated ending fund balance.

ACTION PROPOSED

Move Ordinance amending the 2019 Annual Budget to the next regular Council meeting for consideration.

ORDINANCE NO. 2019-___

AN ORDINANCE OF THE CITY OF GRANDVIEW, WASHINGTON, AMENDING THE 2019 ANNUAL BUDGET

WHEREAS, the original 2019 estimated beginning fund balances and revenues do not reflect available budget sources; and

WHEREAS, there are necessary and desired changes in uses and expenditure levels in the funds; and

WHEREAS, there are sufficient sources within the funds to meet the anticipated expenditures.

NOW THEREFORE, THE CITY COUNCIL OF THE CITY OF GRANDVIEW, WASHINGTON DO ORDAIN AS FOLLOWS:

Section 1. That the 2019 annual budget be amended to reflect the changes presented in Exhibit A.

Section 2. That the City Administrator is authorized and directed to adjust estimated revenues, expenditures and fund balances reflecting the determined changes.

Section 3. This Ordinance shall be in full force and effect five (5) day after its passage and publication as required by law.

AN ORDINANCE OF THE CITY GRANDVIEW, WASHINGTON, PROHIBITING THE DISTRIBUTION OF PLASTIC STRAWS AND POLYSTYRENE-BASED FOOD CONTAINERS AND REQUIRING RETAIL ESTABLISHMENTS TO COLLECT A PASS-THROUGH CHARGE FROM CUSTOMERS FOR THE DISTRIBUTION OF PLASTIC BAGS, AND ADDING A NEW CHAPTER TO THE GRANDVIEW MUNICIPAL CODE ENTITLED 8.44 – CARRYOUT BAG AND FOOD CONTAINER REGULATION

WHEREAS, the Washington State Legislature in RCW 70.95.010(8)(a) established waste reduction as the first priority for the collection, handling, and management of solid waste; and

WHEREAS, the Washington State Legislature in RCW 70.95.010(4) found that it is "necessary to change manufacturing and purchasing practices and waste generation behaviors to reduce the amount of waste that becomes a governmental responsibility; and

WHEREAS, the Washington State Legislature in RCW 70.95.010(6)(c) found that it is the responsibility of city and county governments "to assume primary responsibility for solid waste management and to develop and implement aggressive and effective waste reduction and source separation strategies"; and

WHEREAS, it is the City's desire to implement effective waste reduction strategies, conserve resources, reduce greenhouse gas emissions, waste, litter and pollution, and to protect the public health and welfare; and

WHEREAS, there is a need for conserving energy and natural resources, controlling litter, and decreasing reliance on plastic straws, polystyrene-based food containers and on plastic carryout bags provided by retail establishments; and

WHEREAS, to reduce the use of plastic straws, polystyrene-based food containers and plastic carryout bags in the City, it is necessary to regulate such use; and

WHEREAS, it is in the best interest of the health, safety and welfare of the people of the City of Grandview to prohibit the distribution of plastic straws and polystyrene-based food containers, and to impose a pass-through charge on the use of plastic carryout bags in order to encourage greater use of reusable bags, in order to reduce the cost of solid waste disposal by the City, and to protect the environment;

NOW, THEREFORE, the City Council of the City of Grandview, Washington do hereby ordain as follows:

172

<u>Section 1</u>. A new Chapter entitled: "8.44 – Carryout Bag and Food Container Regulation" is hereby added to the Grandview City Code to read as follows:

Sections

- 8.44.020 Purpose.
- 8.44.040 Definitions.
- 8.44.060 Carryout bag regulations.
- 8.44.080 Required signage for retail establishments.
- 8.44.100 Distribution of Plastic Straws Prohibited.
- 8.44.120 Distribution of Polystyrene-based Disposable Food Service Ware Prohibited.
- 8.44.140 Compliance and penalties.

8.44.020 Purpose.

The purpose of this chapter is to encourage the use of reusable bags and to prohibit the distribution of plastic straws and polystyrene-based disposable food service ware within the City so as to reduce litter in the City and the City's waterways, and to also reduce the number of single-use bags and plastic straws and polystyrene-based disposable food service ware in the city's waste stream.

8.44.020 Definitions.

The following terms used in this chapter have the following meanings unless the context clearly indicates otherwise:

"Carryout bag" means any bag that is provided by a retail establishment at the check stand, cash register, point of sale or other point of departure to a customer for use to transport or carry away purchases such as merchandise, goods or food from the retail establishment. Carryout bags do not include:

- 1. Bags used by consumers inside stores to package bulk items, such as fruit, vegetables, nuts grains, candy, greeting cards or small hardware items such as nails, bolts or screws, contain or wrap frozen foods, meat or fish regardless of whether they are prepackaged, contain or wrap flowers, potted plants or other items where dampness may be a problem, contain unwrapped prepared foods or bakery goods, contain prescription drugs; or
- 2. A bag used to protect a purchases item from damaging or contaminating other purchased items when placed in a recyclable paper bag or reusable bag, such as prepared take-out foods or prepared liquids intended for consumption away from the retail establishment, or
- 3. Newspaper bags, door-hanger bags, tire bags, laundry-dry cleaning bags or bags sold in packages containing multiple bags for uses such as food storage, garbage, pet waste or yard waste.

2

"Disposable food service ware" means single-use disposable products used in the restaurant and food service industry for serving or transporting prepared, ready-to-consume food or beverages. This includes but is not limited to plates, cups, bowls, trays and hinged or lidded carry-out containers. This does not include straws, utensils, or cup lids nor does it include disposable packaging for unprepared foods.

"Distribution" or to "distribute" means the vending, sale, giving, deployment or delivering for any purpose of a straw or polystyrene-based disposable food service ware, other than as defined herein, whether or not incident to the sale, vending or provision of any kind of beverage in a container. "Distribution" does not include provision of a straw or polystyrene-based disposable food service ware with a beverage or food product on private property used as a residence or by beverages or food products prepared and packaged outside the City, provided such beverage or food product is not altered, packaged or repackaged within the City.

"Food vendor" means any vendor, business, organization, entity, group or individual, including a licensed retail food establishment that provides prepared food at a retail level.

"Paper carryout bag" means any carryout bag made from paper.

"Pass-through charge" means a charge to be collected by retailers from their customers when providing plastic carryout bags, and retained by retailers to offset the cost of bags and other costs related to pass-through charge.

"Plastic carryout bag" means any carryout bag made from plastic or any material marketed or labeled as "biodegradable" or "compostable" that is less than 2.25 mils thick.

"Polystyrene-based Products" means and includes blown polystyrene and expanded and extruded foams (sometimes called Styrofoam, a Dow Chemical Company trademarked form of polystyrene foam insulation) which are thermoplastic petrochemical materials utilizing a styrene monomer and processed by any number of techniques including, but not limited to, fusion of polymer spheres (expandable bead polystyrene), injection molding, foam molding, and extrusion-blown molding (extruded foam polystyrene). Polystyrene foam is generally used to make items such as cups, bowls, plates, trays, carryout containers, meat trays and egg cartons.

"Prepared food" means food or beverages, which are serviced, packaged, cooked, chopped, sliced, mixed, brewed, frozen, squeezed, or otherwise prepared. Prepared food does not include eggs, fish, meat, poultry, and foods containing these raw animal foods requiring cooking by the consumer as recommended by the Food and Drug Administration.

"Retail establishment" means any person, corporation, partnership, business venture, entertainment facility, government agency, street vendor or vendor at public events or festivals or organizations that sell or provide merchandise, goods or materials including, without limitation, clothing, food, beverages, household goods, or personal items of any kind directly to a customer. Examples include but are not limited to clothing stores, jewelry stores, grocery stores, pharmacies, home improvement stores, home décor stores, liquor stores, convenience stores, gas stations, restaurants, food vending trucks, farmers markets and temporary vendors of food and merchandise at street fairs and festivals. Food banks and other food assistance programs are not considered to be retail establishments for the purposes of this chapter.

"Reusable bag" means a bag that:

- 1. Is washable, whether by machine or hand; and
- 2. If made from plastic, is a minimum of 2.25 mils thick.

"Straw" means a tube for transferring a beverage from its container to the mouth of a drinker by suction.

8.44.060 Carryout bag regulations.

- A. Each retail establishment that provides a customer with a plastic carryout bag shall collect a pass-through charge of not less than ten cents for each plastic carryout bag provided.
- B. It shall be a violation of this section for any retail establishment to pay or otherwise reimburse a customer for any portion of the plastic carryout bag pass-through charge; provided that retail establishments may not collect a pass-through charge from anyone with a voucher or electronic benefits card issued under the Women, Infants and Children (WIC) or Temporary Assistance to Needy Families (TANF) support programs, or the federal Supplemental Nutrition Assistance Program (SNAP, also known as Basic Food), or the Washington State Food Assistance Program (FAP).
- C. All retail establishments shall indicate on the customer transaction receipt the number of plastic carryout bags provided to customers and the total amount of the pass-through charge.

8.44.080 Required retail establishment signage.

Every retail establishment subject to the collection of the carryout bag fee in this chapter must post signage clearly indicating the per bag charge for carryout bags.

8.44.100 Distribution of Plastic Straws Prohibited.

The distribution of plastic straws within the City is prohibited.

8.44.120 Distribution of Polystyrene-based Disposable Food Service Ware Prohibited.

No food vendor shall distribute polystyrene-based disposable food service ware when providing prepared food.

8.44.140 Compliance and penalties.

- A. Upon a first violation of any part of this chapter, the code enforcement officer may issue a notice of violation to the offending person or business. The notice of violation shall contain the date of and alleged type of violation. The notice of violation shall be regarded as a warning and no other sanctions shall be implemented. Notice shall be served upon the premises to the highest ranking employee currently on duty at the time of delivery.
- B. If after issuance of a notice of violation the code enforcement officer becomes aware of subsequent noncompliance, he or she has the authority to issue a civil infraction and levy a fine of not less than \$100.00. Any subsequent violation of this chapter shall be designated as a civil infraction. Each day of any such violation is a separate civil infraction; a notice of infraction may be issued for each day of any such violation. Civil infractions shall be heard and determined according to Chapter 7.80 RCW as amended, and any applicable court rules.
- C. It shall be a violation of this chapter for any retail establishment to penalize, discipline, or discriminate against any employee for performing any duty necessary to comply with this chapter.
- <u>Section 2</u>. If any portion of this ordinance is declared invalid or unconstitutional by any court of competent jurisdiction, such holding shall not affect the validity of the remaining portion(s) of this ordinance.
- <u>Section 3</u>. This ordinance shall be in full force and effect five days after its passage and publication as required by law.

Subject: Re: Plastic Ordinance

I truly appreciate the phone call and your willingness to work with us. Here is a copy of the model ordinance that we've used with other cities interested in passing regulations on plastic bags. This version happens to be Tacoma's but it's been used in 20+ cities across the state.

I look forward to talking with you more about this issue and how we can help.

Holly

Thanks for the phone call. I am totally in agreement with you about the effective date. Thanks for all of the suggestions. You are right and this is not ready yet to be passed---however, your positive attitude is very encouraging. I will keep you up to date. I will try and give you an up date tomorrow after the Council meeting tonight.

Mike Everett

SUBSTITUTE NO. 2 ORDINANCE NO. 28367

AN ORDINANCE regulating the distribution of carryout bags; amending Chapter 12.09 of the Tacoma Municipal Code by adding thereto a new Section 12.09.215, entitled "Bring Your Own Bag"; prohibiting the use of carryout bags except reusable carryout bags and recycled paper carryout bags; requiring retail establishments to collect a pass-through charge from customers requesting recycled paper and reusable carryout bags; providing for reporting of the aggregate number of recycled paper carryout bags annually distributed; establishing penalties; providing for outreach; providing for a study of the impacts of the requirements of the new Section 12.09.215; establishing an effective date; and providing for severability.

WHEREAS the Washington State Legislature ("Legislature"), in RCW 70.95.010(8)(a), established waste reduction as the first priority for the collection, handling, and management of solid waste, and

WHEREAS the Legislature, in RCW 70.95.010(4), found that it is "necessary to change manufacturing and purchasing practices and waste generation behaviors to reduce the amount of waste that becomes a governmental responsibility," and

WHEREAS the Legislature, in RCW 70.95.010(6)(c), found that it is the responsibility of city governments "to assume primary responsibility for solid waste management and to develop and implement aggressive and effective waste reduction and source separation strategies," and

WHEREAS, in May 2014, the City Council adopted Resolution No. 38907, reaffirming the goal of diverting 70 percent of the City's waste from landfilling by 2018, and called for strategies to reduce consumption of single-use carryout bags, bottles, and other products, which can be accomplished through restrictions and price signals, and

-1-

WHEREAS, as demonstrated in the City's STAR Communities 4 Star rating, Lifecycle City resolution, and Environmental Action Plan, it is the City's desire to conserve resources, reduce greenhouse gas emissions, waste, litter, and marine pollution, and to protect the public health and welfare, including wildlife, all of which increase the quality of life for the City's residents, and

WHEREAS less reliance on single-use carryout bags contributes toward the goals of conserving energy and natural resources while reducing greenhouse gases and litter, and

WHEREAS plastic bags are made of nonrenewable resources and never biodegrade; they photo-degrade and can take hundreds of years to break down into tiny toxic bits which can seep into the soil, waterways, lakes, and bays, posing a threat to animal life and the natural food chain, and

WHEREAS the Ocean Conservancy cited plastic bags as within the 10 most collected items in the 2013 Coastal Cleanup in Washington State, and

WHEREAS, as noted in the Seattle Public Utilities' "Alternatives to Disposable Shopping Bags and Food Service Items," although single-use paper carryout bags are made from renewable resources and are less environmentally impactful with regard to litter than single-use plastic carryout bags, they do require significant environmental resources to manufacture, transport, recycle, and/or dispose of, and

WHEREAS the Washington State Department of Ecology's "Beyond the Curb" study of commingled residential recyclables from the Southwest Region, which includes Pierce County, estimates that it takes \$700-\$1,000 per ton for recycling centers to remove plastic films from other recyclables, and

1 2 3

В

WHEREAS, in order to reduce the use of single-use plastic and paper carryout bags in the City, it is necessary to regulate such use, and

WHEREAS an Environmental Checklist for a non-project action has been prepared under the State Environmental Policy Act (RCW Chapter 43.21.C), pursuant to Washington Administrative Code Chapter 197-11; and a Notice of Adoption and a Determination of Non-Significance ("DNS") was issued on June 6, 2016, with the comment period ending on June 20, 2016, and

WHEREAS the City Council solicited feedback and comments from residents and businesses, and considered various studies, reports, articles, and other references, including, but not limited to: Plastic Bag Staff Report, City of Kirkland (2013); The Most Popular Tax in Europe? Lessons From the Irish Plastic Bags Levy, Frank Convey, Simon McDonnell, Susana Ferreira; Environmental and Resource Economics, Environ Resource Econ (2007) 38:1-11; The Evolution of SF's Plastic Bag Ban, Jennie Reilly Romer, Golden Gate University Environmental Law Journal, 1 Golden Gate Envt'l L.J. 439 (2007); and Assessment of the Potential for Cross Contamination of Food Products by Reusable Shopping Bags, American Chemistry Council – By Charles P. Gerba, David Williams, Ryan G. Sinclair (2010), and

WHEREAS regulations that prohibit the use of single-use plastic carryout bags and require a pass-through charge on all carryout bags will encourage shoppers to bring their own reusable carryout bags, reduce the cost of solid waste disposal by the City, and protect the environment, and

WHEREAS the City Council finds that it is in the best interest of the health, safety, and welfare of the citizens of the City that the proposed amendment to

3 4 5

Chapter 12.09 of the Tacoma Municipal Code, attached hereto as Exhibit "A," be approved; Now, Therefore,

BE IT ORDAINED BY THE CITY OF TACOMA:

Section 1. That Chapter 12.09 of the Tacoma Municipal Code ("TMC") is hereby amended by the addition of a new section, to be known and designated as Section 12.09.215, "Bring Your Own Bag," consisting of six subsections to read as set forth in the attached Exhibit "A."

Section 2. That the City Manager is directed to establish and conduct focused outreach with low-income populations and communities of color to provide assistance in achieving compliance with the requirements of TMC 12.09.215.

Section 3. That the City Manager is directed to conduct a study to evaluate the impacts of TMC 12.09.215 on low-income populations and communities of color, to be completed within 18 months of implementation of TMC 12.09.215.

Section 4. Commencing in 2018 and ending in 2020, the City Manager shall (1) aggregate the data received from the annual reports voluntarily submitted by retail establishments pursuant to TMC 12.09.215.C, annually report the aggregate totals to the City Council, and report the annual and cumulative percentage change in the number of recycled paper carryout bags distributed; (2) conduct an annual voluntary survey of retail establishments regarding the impact of TMC 12.09.215 on retail establishments, including the challenges of implementation, improvements that could be made, whether carryout bag practices have changed, and impacts to customer experiences; and (3) report the results of the survey to the City Council.

 Section 5. If any section, subsection, sentence, clause, or phrase of this ordinance is for any reason held to be invalid or unconstitutional by a decision of any court of competent jurisdiction, such decision shall not affect the validity of the remaining portions of this ordinance. The City Council hereby declares that it would have passed this ordinance and each and every section, subsection, sentence, clause, or phrase not declared invalid or unconstitutional without regard to whether any portion of the ordinance would be subsequently declared invalid or unconstitutional.

Section 6. This ordinance shall become effective at 12:01 a.m. 365 days after enactment.

20		ans any director, partner, high managerial agent, officer, or employee of a retail establishment,
	or any other	person who is authorized to act on behalf of the corporation.
		_

1	customer for use to transport or carry away purchases, such as merchandise, goods, or food from the retail establishment, "Carryout hag" does not include:
'	1. Product Bags; or
2	Newspaper bags, door-hanger bags, laundry dry cleaning bags, tire bags, or bags sold in packages containing multiple bags intended for use as garbage, pet waste, or yard waste bags.
3	G "Comoration" means any firm, business, association, partnership, limited liability company, corporation,
4	or other legal entity, public or private, however organized. D. "Department" means the Environmental Services Department.
5	E. "Director" means the Director of the Environmental Services Department and the Solid Waste Division
6	Manager, as designee. F. "High managerial agent" means an officer or director of a corporation or any other agent in a position of
7	comparable authority with respect to the formulation of policy of the corporation or the supervision in a managerial capacity of subordinate employees.
В	G. "Pass-through charge" means the charge which must be collected by a retail establishment from its customers when providing a recycled paper or reusable carryout bags. The pass-through charge is retained by the retailer.
9	H-"Product hag" means any hag provided to a customer for use within a retail establishment to assist in the
10	collection or transport of products to the noint-of-sale within the retail establishment. Product bags include, by way of example, bags that are used by consumers inside stores to: (a) nackage bulk items such as fruit,
11	vegetables, mushrooms, nuts, grains, candy or small hardware items; (h) contain or wran frozen foods, meat, or fish, whether packaged or not; (c) contain or wran flowers, potted plants, or other items where dampness
12	may be a problem; (d) contain unwrapped prepared foods or bakery goods; (e) contain pharmacy prescriptions; and (f) safeguard public health and safety during the transportation of hot, prepared take-out
13	foods and prepared liquids intended for consumption away from the premises.
14	1. "Recycled paper carryout bag" means a paper carryout bag provided by a store to a customer at the point-of-sale that meets all of the following requirements:
15	Except as provided in subsection 2 of this subsection (1), the paper carryout bag contains an average of do percent postconsumer recycled materials;
16	2. An eight-nound or smaller recycled paper hag shall contain a minimum of 20 percent postconsumer recycled material;
17	3. The paper carryout bag is accepted for recycling in curbside programs in a majority of households that have access to curbside recycling programs in the City;
18	4. The paper carryout hag is capable of composting, consistent with the timeline and specifications of the American Society of Testing and Material (ASTM) Standard D6400, as published in Master Environmental
19	Assessment on Single Use and Reusable Bags, March 2010; and
20	5. Printed on the paper corresponding is the minimum percentage of postconsumer content.
21	J. "Retail establishment" means any corporation that sells or provides merchandise, goods, or materials, including, without limitation, clothing, food, or personal items of any kind, directly to a customer: retail establishment includes, by way of example and not limitation, any grocery store, department store, hardware
22	store, pharmacy, liquor store, restaurant, catering truck, convenience store, and any other retail store or yendor, including temporary ones at farmers markets, street fairs, and festivals,
23	K. "Reusable carryout hag" means a hag made of cloth or other material with handles that is specifically
24	designed and manufactured for long-term multiple reuse and meets all of the following requirements: 1. Is machine washable or made from a material that can be cleaned or disinfected, and
25	2. If made of film plastic, is a minimum of at least 2.25 mils thick.
	L "Single-use plastic carryout bag" means any bag made from plastic or any material marketed or labeled as
26	"bindegradable" or "compostable" that is not intended for continuous reuse as a carryout hag and that is less

5.55.020R	13	
ALIMAN AND A	Karomining	τ.

- A1. No retail establishment in the City shall provide a carryout bag to a customer unless otherwise permitted pursuant to this chapter.
- 2 B2. No retail establishment shall distribute a carryout bag at any City facility. City-managed concession. City-sponsored event, or City-permitted event unless otherwise permitted pursuant to this chapter.
- 3 <u>C3. Retail establishments in the City may, subject to TMC 5.55.030, provide to a customer at the point-of-sale a reusable carryout bag or a recycled paper curryout bag.</u>
- 4 D4. A retail establishment may make reusable carryout bags available to customers through sale.

5.55.030C. Pass-Through Charge.

- A1. Retail establishments that provide a customer with a carryout bag shall charge the customer a reasonable pass-through charge of not less than five cents. Retailers shall not collect a pass-through charge for any bags brought to the retail establishment by a customer.
- B2. Retail establishments shall indicate on the customer transaction receipts the total amount of the pass-through charge.
- G3. A retail establishment may provide a reusable carryout bag, free of charge, to any customer during a limited time, in-store promotional event. Such events shall not exceed a total of 12 days within any consecutive 12-month period.
- 4. Annual Reporting. All retail establishments required to levy and collect pass-through charges pursuant to this chapter, shall report to the Director the aggregate number of recycled paper carryout hags provided to customers as provided below;
- a. Reporting Obligation. On an annual basis, beginning in 2018 and ending in 2020, on or before September 30th of each year, a retail establishment shall report the number of recycled paper carryout bags provided to customers by the retail establishment from August 1st of the previous year through July 31st of the reporting year.
- b. If an operator of a retail establishment has more than one location subject to this ordinance, the operator may aggregate the total number of bags to be reported for all subject locations into a single report. The reporting form shall be signed by a responsible officer or agent of the retail establishment. The individual signing the report shall swear or affirm that the information in the form is true and complete.

5.55.040D. Exemptions.

- Al. Notwithstanding the requirements contained in TMC 5.55.030, retailers may not collect a pass-through charge from anyone with a voucher or electronic benefits card issued under programs including, but not limited to. Women Infants and Children (WIC): Temporary Assistance to Needy Families (TANF): Federal Supplemental Nutrition Assistance Program (SNAP), also known as Basic Food; and The Washington State Food Assistance Program (FAP).
- 19 B2. Food banks and other food assistance programs are exempt from the requirements of this chanter.
- 3. Retail establishments engaged in retail sales occurring at any special event or show licensed under TMC Chapter 6B.230 (Temporary Licenses), or exempt from the temporary licensing requirements pursuant to TMC 6B.230.050(A) through (E), are not subject to the requirements of this chapter.
- 21 G4. The Director may exempt a retail establishment from the requirements of this chapter for up to a one-year period, upon a request by the retail establishment showing that the conditions of this chapter would cause undue hardship. An "undue hardship" shall only be found in:
 - 4a. Circumstances or situations unique to the particular retail establishment, such that there are no reasonable alternatives to single-use plastic carryout bags or a pass-through charge cannot be collected; or
- 24 2b. Circumstances or situations unique to the retail establishment, such that compliance with the requirements of this chapter would deprive a person of a legally protected right.
 - If a retail establishment requires an exemption beyond the initial exemption period, the retail establishment must reapply prior to the end of the exemption period and must demonstrate continued undue hardship if it wishes to have the exemption extended. Extensions may only be granted for intervals not to exceed one year.

	An exemption request shall include all information necessary for the City to make its decision, including, but not limited to, documentation showing the factual support for the claimed exemption. The Director may
1	require the applicant to provide additional information to permit the City to determine facts regarding the exemption request.
2	The Director may approve the exemption request, in whole or in part, with or without conditions.
3	Exemption decisions are effective immediately. A party aggrieved by a final decision may appeal or seek review of the decision in accordance with applicable law. Unless another period of time applies under
4	applicable law or court rule, an appeal of the decision must be filed within 21 calendar days from the date the final decision was served personally or placed in the United States mail, postage prepaid and properly addressed.
5	The City Council may, by resolution, establish a fee for exemption requests. The fee shall be sufficient to
6	cover the costs of processing the exemption request,
	5.55.050DE. Enforcement.
7 8	The Director is authorized to establish regulations consistent with this chapter, and to take any and all actions reasonable and necessary to obtain compliance with this chapter, including, but not limited to, inspecting the premises of any retail establishment to verify compliance, issuance of a notice of violation.
ا م	and enforcement of other remedies available at law.
9	6.55.060GF, Violations: Penalties: Appeal.
10	A1. Any retail establishment violating or failing to comply with any of the provisions of this chapter, or any lawful rule or regulation adopted by the Director pursuant thereto, shall be guilty of a civil violation.
11	B2. A retail establishment is strictly liable for the acts or omissions of its agents that constitute a civil violation.
12	G3. It is the responsibility of the retail establishment to contact the Department to request inspection for compliance with this code.
14	D4. Penalties for violations of this chanter may be assessed in the amount of \$250 for each day during which the violation continues.
· ·	E5. Contents of Notice of Civil Violation. The notice of civil violation shall set forth and contain:
15	4a. The name and last known address of the retail establishment;
16	2b. The name, business address, and telephone number of the enforcement officer issuing the notice of civil violation;
17	2c. The street address or a description sufficient for identification of the building, structure, premises, or land upon or within which the violation has occurred or is occurring;
18	4d. A description of the nature, extent, and time of the violation and a reference to the regulation or provision of the Tacoma Municipal Code ("TMC") that has been violated;
19	Se. A statement setting forth the monetary penalty imposed and each violation or violations that are subject to such monetary penalty;
20	6f. A statement that the retail establishment to which the notice of civil violation is issued may appeal the notice of civil violation;
21	Fig. A statement that a notice of civil violation issued pursuant to this chapter represents a determination that
22	the violation or violations identified in the notice has/have been committed and that this determination is final and conclusive unless appealed; and
23	8h. Any additional information that may be required under the TMC or regulation that is alleged to have been violated.

service of the notice of violation is by mail, service shall be deemed complete upon the third day following the day upon which it is placed in the mail, unless the third day falls on a Saturday, Sunday, or federal legal

holiday, in which event service shall be deemed complete on the first day other than a Saturday, Sunday, or

4a. First-class mail to the retail establishment and/or agent on whom the penalty was imposed. Where

Ff. Service of the notice of violation shall be made by:

24

25

26

	legal holiday following the third day. Service by posting shall be accomplished on the date of the posting in compliance with this section; or
1	2h. Served directly upon an agent of the retail establishment; or
2	3c. Posted on the property. Posting shall mean affixing a copy of the document in a conspicuous place on the property(ies) where the violation occurred, with at least one copy of such document placed at an entryway to the property or structure if an entryway exists.
3	G7. Civil penalties will continue to accrue until the retail establishment comes into compliance with the provisions of this chapter.
5	H8. The retail establishment to which the notice of violation was issued may anneal the notice of violation to the City Hearing Examiner pursuant to the provisions of TMC Chapter 1.23 by filing an appeal with the Department within 21 calendar days following service of the notice of violation.
6	49. The City Attorney may seek legal, injunctive, or other equitable relief to enforce this chapter.
	410. Each violation of this chapter shall be considered a separate violation.
7	K11. Payment of a monetary penalty imposed pursuant to this chapter does not relieve a person of the duty
8	to correct the violation as ordered by the code enforcement officer.
9	4.12. The remedies and penalties provided in this section are cumulative and not exclusive, and nothing in this chapter shall preclude the City from pursuing any other remedies provided by law.

City of Tacoma

City Council Action Memorandum

TO:

T.C. Broadnax, City Manager

FROM:

Michael P. Slevin III, P.E., Director, Environmental Services

James Parvey, LEED AP, Office of Environmental Policy and Sustainability

COPY:

City Council and City Clerk

SUBJECT:

Ordinance amending Title 5 of the Tacoma Municipal Code to add a new Chapter 5.55

"Bring Your Own Bag" - June 28, 2016

DATE:

June 2, 2016

SUMMARY:

An Ordinance amending Title 5 of the Tacoma Municipal Code, by adding a new Chapter 5.55, entitled "Bring Your Own Bag", prohibiting the use of carryout bags except for reusable or recycled paper carryout bags, requiring retail establishments to collect a pass-through charge with a minimum fee of \$0.05 from customers requesting recycled paper and reusable carryout bags, establishing penalties, providing outreach, and providing for a study of the impacts of the requirement effective one-year after passage of this ordinance.

COUNCIL SPONSORS:

Deputy Mayor Mello and Council Members Blocker and Ibsen.

STRATEGIC POLICY PRIORITY:

- Assure outstanding stewardship of the natural and built environment.
- Encourage and promote an efficient and effective government, which is fiscally sustainable and guided by engaged residents.

This ordinance supports environmental stewardship by reducing litter and waste disposed of in the landfill. It also promotes citizen engagement by giving individuals a personal opportunity to reduce costs to the City's Solid Waste Management System.

BACKGROUND:

Since March of 2012, the Sustainable Tacoma Commission has been interested in reducing disposable shopping bags in Tacoma. In May 2014, the City Council adopted Resolution No. 38907, reaffirming the goal of diverting 70 percent of the City's waste by 2028, and calling for strategies to reduce consumption of single-use carryout bags, bottles, and other products. The Environmental Action Plan identifies reducing disposable bag use by shoppers as item M9 in the Material Management section.

The Office of Environmental Policy and Sustainability (OEPS) staff has given multiple presentations to the City Council's Infrastructure, Planning, and Sustainability (IPS) Committee to update them on the program progress and recommendations. IPS formally requested that staff prepare a draft ordinance based on the "Bellingham Model" and gather public input on the draft ordinance elements. The "Bellingham Model" is essentially a ban on plastic and a fee on paper, with the fee retained by the retailer. This ordinance is based on that model and is the dominant model in the state.

The proposed ordinance differs from the "Bellingham Model" by requiring retailers to provide either paper or reusable bags upon request for no less than \$0.05. This is based on the experience where some retailers in communities with restrictions replaced disposable plastic bags with ones just slightly thicker and continued to charge no fee.

Revised: 04/27/2015

City of Tacoma

A draft of the ordinance was presented at study session on April 27, 2016; comments received included:

- Ensure there is follow up and outreach with community groups that were engaged in the Tacoma 2025 Plan.
- Provide training to the retailers on the ordinance requirements and effective bagging of products.
- During the implementation period organize reusable bag exchanges within the community such as Tacoma School District, Tacoma Housing Authority, and at local food banks

ISSUE:

Fourteen communities in Washington State and countless others around the United States and world have placed restrictions on disposable plastic and paper bags. Restricting these bags is intended to encourage the use of reusable shopping bags and thereby reduce resource use, litter, and waste, as well as protect the environment and wildlife.

Widespread use of disposable plastic bags took hold in the late 1970's and early 1980's when they became extremely price competitive with paper bags. Since then their use has become widespread; an estimated two billion bags are used in Washington State each year according to the Environment Washington Research and Policy Center. Plastic grocery bags were the eighth most common item collected in the 2015 International Coastal Cleanup and are considered the second most impactful item to wildlife, due to the tendency of animals to mistake them as food according to the Ocean Conservancy 30th Anniversary International Coastal Cleanup Annual Report, 2016.

Some items specific to Tacoma citizens are:

- 1. Clean shopping/dry cleaning bags make up 534 tons/0.3 percent of the City's solid waste stream.
- 2. The City pays roughly \$30,000/year in disposal costs to the landfill for just these clean bags.
- Plastic bags cause significant additional sorting, disruption and down time at recycling centers, costing an estimated \$700-\$1000/ton. This is reflected in recycling rates.
- Shoppers pay indirectly for all "free" bags. One study estimated these hidden costs to be \$37.50
 per person per year according to the Metropolitan Washington D.C. Council of Governments.
- Plastic grocery bags were the sixth most common item picked up during the 2013 International Coastal Cleanup in Washington State according to the Ocean Conservancy.

ALTERNATIVES:

Several strategies to limit the use of disposable bags have been utilized around the world. Some of the most common or viable options are listed below in order of effectiveness in reducing the use of plastic bags.

- 1. Ban plastic, fee on paper;
- 2. Ban plastic, fee on paper and reusable bags;
- 3. Fee on both paper and plastic bags;
- 4. Ban plastic, paper unrestricted; and
- 5. Maintain status quo.

Option five would not reduce the volume of plastic bags being disposed of in the landfill or ending up as litter.

RECOMMENDATION:

An Ordinance amending Title 5 of the Tacoma Municipal Code, by adding a new Chapter 5.55, entitled "Bring Your Own Bag", prohibiting the use of carryout bags except for reusable or recycled paper carryout bags, requiring retail establishments to collect a pass-through charge with a minimum fee of \$0.05 from customers requesting recycled paper and reusable carryout bags, establishing penalties, providing outreach, and providing for a study of the impacts of the requirement effective one-year after passage of this ordinance.

FISCAL IMPACT:

EXPENDITURES

FUND NUMBER & FUND NAME *	COST OBJECT (CC/WBS/ORDER)	COST ELEMENT	TOTAL AMOUNT
ES Solid Waste Fund 4200	512005	5412000	\$50,000
TOTAL			\$50,000

^{*} General Fund: Include Department

REVENUES:

FURDING SOURCE	COST ORJECT (CC/WAS/ORDER)	COST ELEMENT	TOTAL AMOUNT
ES Solid Waste Fund 4200	512000	various	\$50,000
TOTAL			\$50,000

FISCAL IMPACT TO CURRENT BIENNIAL BUDGET: \$50,000

ARE THE EXPENDITURES AND REVENUES PLANNED AND BUDGETED? No.

IF EXPENSE IS NOT BUDGETED, PLEASE EXPLAIN HOW THEY ARE TO BE COVERED.

Monies have not yet been budgeted but would come from the ES Solid Waste Fund 4200 in the 2017-18 bicanium.

Regarding the bag and styrofoam ordinance before Grandview Council tonight

hollychisa <hollychisa@hpcadvocacy.com>

Tue 1/8/2019 11:26 AM

- To Mike Everett <EverettM@grandview.wa.us>; Javier Rodriguez <RodriguezJ@grandview.wa.us>; Gaylord Brewer <bre>cbrewerg@grandview.wa.us>; Bill Moore <MooreB@grandview.wa.us>; Dennis McDonald <DennisM@grandview.wa.us>; Gloria Mendoza < Mendoza G@grandview.wa.us>; Joan Souders < Souders J@grandview.wa.us>;
- Heather Trim <heather@zerowastewashington.org>;

Importance High

To the members of City Council,

I received notice this morning of your proposal to put a plastic bag fee and styrofoam ban before Council tonight. I work with the NW Grocery Association, representing Safeway, Albertsons, QFC, Fred Meyer, Costco and Haggen Stores. Over the past several years we have supported styrofoam bans and over 25 bag bans throughout our state as long as they include the following provisions:

- Applies to all retailers, not just grocery stores A plastic bag is a plastic bag regardless of its source, whether a grocery store or a hardware store.
- Bans plastic bags, then applies a fee to paper bags This helps retailers offset the cost of switching consumers from plastic to paper. A plastic "t-shirt" shaped bag is usually \$.03 to \$.05. A paper bag can be as much as \$.10, more if it has a handle. The fee also encourages customers to bring their own bags, not just chose paper over plastic.
- Allows for specific exemptions for products that must meet local health department regulations (hot/cold prepared wet foods, meat contaminants, etc.)
- Allows for a couple of months of implementation. This is critical for styrofoam bans, as it takes some time to find compostable containers accepted by the local solid waste handing facility, and source out enough product to supply a major (or even independent) grocery store. This also allows for time to educate consumers on the new fee and reprogram our registers.

The ordinance proposed tonight does not, regretfully, follow the above criteria. We must oppose the ordinance as drafted at this time.

- The ordinance puts a fee on plastic, but does not affect paper bags at all. Consumers will simply switch to a paper bag, increasing costs to grocery stores of \$.03 to \$.10 per bag per year for each store site. This can be as much as \$75,000 or more ANNUALLY for EACH grocery store site.
- The bill bans straws unilaterally, without an exemption for straws allowed on request for those with medical needs. This is important for our customers with disabilities that may need a straw to drink.
- The ordinance gives the retail community 5 DAYS to comply with a fee on bags and a complete styrofoam ban for all take out items. There is no way to reprogram the registers in five days to add the fee, and there is no

- way to ensure that all restaurants and delis, including our stores, will be able to switch to acceptable compostable products in 5 days.
- The ordinance requires signage in our stores announcing the fee for plastic bags, but with no end date for the signs. Retailers find that educational materials like signage are effective for about a month, then consumers don't really "see" them anymore. We'd be required to keep the fee signs up in perpetuity, even long after consumers adjust to the fee.

We would ask that Council set aside the ordinance, and work with our grocery members, Zero Waste WA, and others to present a different ordinance for Council. This ordinance is proven to reduce overall bag usage in our stores by 85% - paper and plastic - and will reduce the use of styrofoam take out containers in our stores and in restaurants. This ordinance would give retailers and restaurants a couple of months to implement the switch from styrofoam to compostables and reprogram our registers. This would also give retailers time to educate consumers on the new fees and how to compost their take out containers and serviceware.

Please contact me; I'd be happy to talk with you more about these issues. Recent food surgery on my right foot prevents me from driving to Grandview today, but I will certainly make myself available by phone and email.

Respectfully,

Holly Chisa On behalf of the NW Grocery Association PO Box 1414 Olympia, WA 98507 (360)791-6647 Hollychisa@hpcadvocacy.com

Plastics ordinance

Heather Trim <heather@zerowastewashington.org>

To Mike Everett < EverettM@grandview.wa.us>;

Dear Council member Everett,

Just read in the paper (online) that you are planning to introduce a plastic bag and food serviceware ordinance tonight. What wonderful news!!

I would love to talk to you about it, as I would have a few suggestions for the text. There might be some unintended consequences in the existing language.

So happy you are working on this!

Best, Heather

Grandview City Council 207 W 2nd St Grandview WA 98930

Dear Council Members:

I am strongly opposed to a proposal before you banning plastic bags or all bags in the city. I believe the proposal includes plastic straws as well.

This proposal is misguided, largely based on environmental propaganda not honestly supported by science or research and is simply a feel-good exercise.

The proposal, which suggests a new tax or user fee, does not take into consideration the following points:

- Plastic shopping bags are cheaper to produce;
- Plastic bags are frequently used for other purposes once at home, such as garbage collection;
- Will the ban impact plastic produce bags and bread bags;
- Paper bag production has a far higher environmental cost / impact than plastic and, while recyclable, there is no recycling available in Grandview (for any material);
- Council members have suggested no bags be given to consumers, suggesting they bring their
 own reusable bags, which medical research has found to be a contributor to contaminated food
 supplies (no one washes these bags);
- Council members fail to recognize the number of people in our community who carry their groceries / items home, which is hard to do without handles on bags;
- The tax / user fee to allow people to obtain a bag is unfair to consumers and simply makes for a
 profit center for the retailer what keeps consumers from going elsewhere to avoid the hassle
 and fee(s);
- Activists will point to the "Pacific Garbage Patch" as a reason to eliminate bags (bottles, etc.),
 though researchers are now finding those images of mounds of garbage, supposedly the size of
 Texas, does not exist plastics ARE in the oceans, but heaping mounds are NOT floating around
 out there in short, the photos are propaganda;
- A proposal to ban plastic straws, while not as obnoxious as a bag ban, is built on faulty
 "science." The numbers cited by so called experts comes from a child's school homework
 assignment that is made up out of whole cloth and having no bearing on reality;
- Will a ban on plastic straws take into consideration the need of children, handicapped and disabled who need flexible straws to consume liquids;
- Paper straws are an acceptable alternative as long as the needs of the disabled are met;
- Will Code Enforcement be assigned the responsibility of seeking out and fining users of bags and straws:
- A far larger problem are plastic bottles. There is no way to recycle them.

This proposal is not suitable for the citizens of Grandview. If you want to tackle plastics, find a way to recycle plastic bottles or work toward using corn-based bio-gradable plastic bottles. Better yet, pick up the disposable plastic syringes laying on the streets and alleys left by community drug abusers, since they are a greater threat to the health and safety of our citizens.

I urge the Council to reject this proposal.

Respectfully,

James A. Davidson

Subject: Davidson Letter

Anita

Could you send the attached letter to Mr. Davidson and anyone else you shared his letter with.

Thank you

Mike Everett

Dear Jim:

I am pleased that you have an interest in the problems that are created by the plastic waste that is over whelming. Your letter raises some interesting points that deserve attention.

- 1. I don't understand what is meant by this being a "feel good" exercise. You reference that it is not supported by science or research. Could you be more specific? What research are you referencing? As for banning some kinds of plastic, are you saying that there is science that holds that, this is not scientifically sound?
- 2. Plastic bags may be cheaper to produce for one use and then be thrown away, but a less disposable has many uses and considering the life of the bag, is cheaper. When you say it is cheaper, that is like saying that it is cheaper not to have a garbage can in your house, but simply thrown the material on the floor.
- 3. The ban does not effect bread bags. Yes it will impact the production of plastic bags, as more and more people move away from that usage, the production will drop.
- 4. I don't believe that the government should, as you suggest, require people to wash the bags. I believe that people have sense enough to handle this issue.
- 5. I am excited to hear your suggestions regarding recycling, that fact that you raise this issue, tells me that you too have concerns. Your ideas would be most welcome.
- 6. I don't understand what bags, don't have handles. I don't think that you have thought this through very well.
- 7. I can't agree with your statement that the fees are "unfair" to the consumers choking on garbage is unfair to all of us.

You are clearly concern about the plastic waste, but I don't think that at this point the City of Grandview can solve the plastic bottles issue. That would be great if we could, but it is beyond our reach. If you have suggestions or would like to work with the City on the issue, you would be welcome. You too recognize the problems that plastic creates---I am glad that you raise the issue.

Much like you concern about plastic that is getting in the sea and into the environment, we can't solve all of the world's problem. But rather than be part of the problem, let's be part of the solution. You and I grew up before the

prevalence of plastics. As a child I didn't use plastic straws, and neither did you, they didn't exist. As you say, those that need accommodation can easily be dealt with.

As for enforcement, I have been contacted by the State Retailers Association who have been very positive (as have just about everyone I have talked to in Grandview). I believe that they will be very cooperative, and if someone needs information, of course Code Enforcement will work with them.

Thank you for your communication.

Sincerely,

Michael Everett, City Councilman
