Presented by
Dawn Couch, BERK Consulting
John Todoroff, BERK Consulting

Purpose

- Gather community information and stakeholder input to support the development of ARPA grant proposals to fund improvements to the Grandview community's economy and quality of life.
- Improve understanding of the impacts of COVID-19 on the community:
 - Topics include economic opportunity, housing, food, transportation, and other needs.
 - How were community needs impacted by COVID-19?
- Inform priority for actions the City can take:
 - The community's priorities for economic recovery and revitalization.
 - How much of the community has sufficient internet access at home.

Grandview COVID-19 Community Impact Survey

COVID-19 has impacted everyone's lives. Grandview City Council wants to hear how the pandemic has affected your household needs, as well as what your priorities are for the City's investments in economic development and recovery. This survey should take just a few minutes.

Priorities for Improving Grandview’s Economy

Economic Improvement – Other Comments

Q: In your opinion, what are the most important things the City can do to improve the economy in Grandview?

- › increase public safety
- › police safety
- › weekend activities for the kids
- › better and bigger parking for Harriet Thompson School
- › a much better area to socialize, park, swimming pool
- › cut out gangs, parenting classes, classes for adult learning
- › programs for kids
- › be sure infrastructure remains adequate
- › improve parks and rec areas
- › park and rec activities
- › neighborhood clean up
- › clean up neighborhoods
- › help new businesses with business plans, so they can stay in business
- › clean the neighborhoods
- › gyms that are more affordable and safe
- › In my opinion the elementary schools should get remodeled just like they remodeled the high school they need elementary schools bigger instead of having portables we need to focus more on the little kids needs of better schools and better playgrounds
- › None
- › Make sure that municipal departments (especially the police department) have the staffing they need to fulfill their duties. Having a well-run and safe town will attract more businesses.
- › More after school activities for teenagers like youth groups, fun centers for the youth to keep them off the streets of causing trouble.
- › Support an ACIVE Chamber of Commerce run by local businesses.
- › improve east side entrance
- › need to clean up east entrance of town
- › Burn the current town to the ground and rebrand as West Prosser
- › Create jobs for students

Economic Improvement – Other Comments

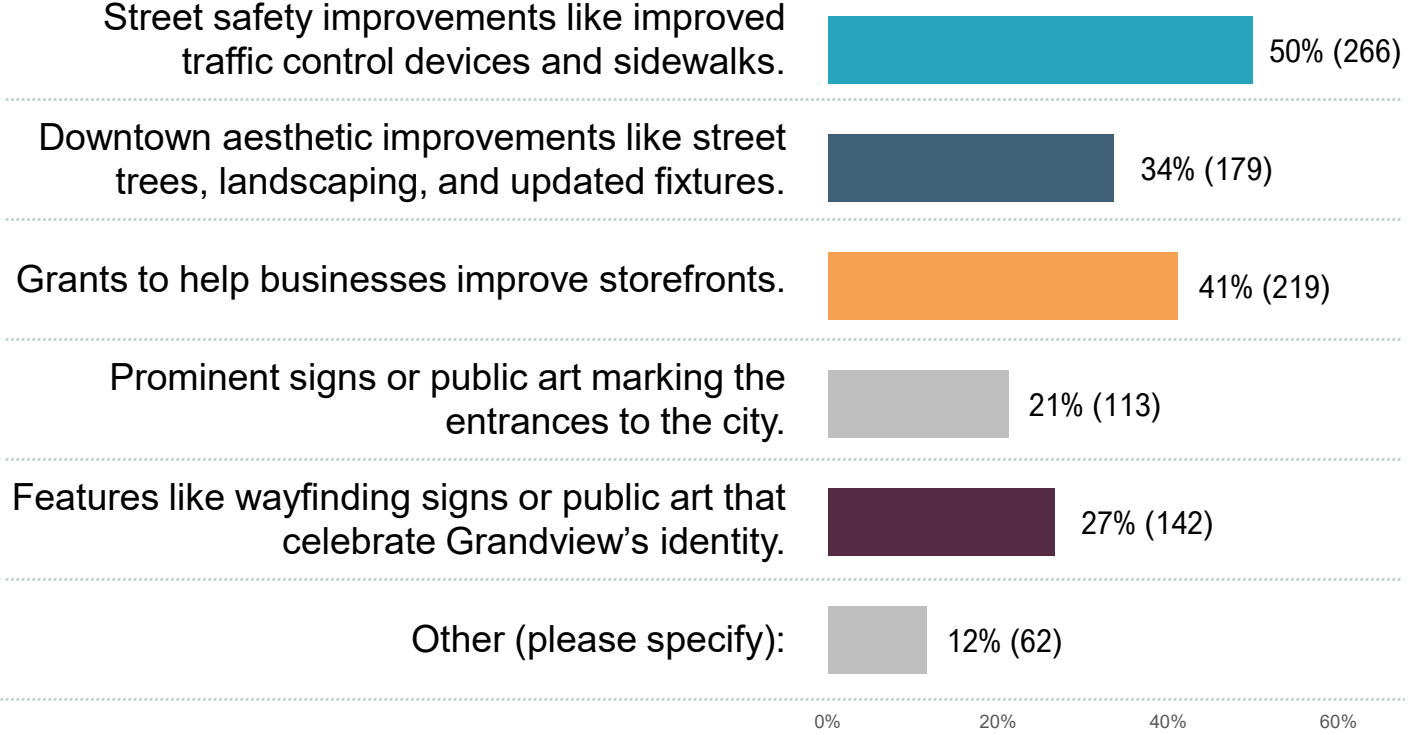

Q: In your opinion, what are the most important things the City can do to improve the economy in Grandview?

- › We need to improve the streets other than just down town. And in courage people to at least paint their houses and keep them looking nice. Down town looks great Just need to fill some of those empty buildings. N Elm Street towards the cemetery needs a pavement recoat. And it's just ridiculous asking 7mill for that plot of land. 😊
- › Downtown looks great. Side roads and neighborhoods do not. We need more rules on neighborhood parking, more sidewalks for kids walking to and from school. Also, I feel like the gang violence has increased. Maybe some awareness around that topic.
- › Splash pad
- › We have the YVCC, expand on educational opportunities. Let's not focus on chain stores and let Prosser be the truck stop. We can be an educational destination! Bring in Perry Tech or other similar schools. We will attract people looking for an education and the businesses will come! Our downtown is looking like an inner city slum with all the vacancies. Make owners clean up those buildings and make rent affordable for new small business owners who actually care about Grandview!
- › Teach people the importance of showing up for work every day
- › The city should only be keeping safe and furnished with water sewer garbage. Leave business to the business owners.
- › There are many empty run down looking buildings downtown. How can we get business grants to open up new businesses in these building
- › No
- › get rid of gangs
- › make child related places
- › mental health
- › youth activities
- › another swimming pool area/areas for youth/family
- › Removed the ordinance in regards facades color and what not in order to make downtown diverse

Public Spaces

- **Street safety improvements** and **grants to help businesses improve storefronts** are the options thought to bring the most benefit to the community. would most benefit the community (**49%** and **42%** of respondents)
- More than a quarter of respondents felt that **aesthetic improvements** and **features to celebrate Grandview’s identity** would be beneficial to the community.
- “Other” comments recommended:
 - Improving public safety
 - Cleaning up of neighborhoods (outside of downtown)
 - Improving or expanding parks and recreation amenities

Most Beneficial Public Space Investments

Public Spaces – Other Comments

Q: In your opinion, what investments in the city's public spaces would bring the most benefit to the community?

- › fix up downtown buildings and add new businesses
- › bathrooms in parks more accessible
- › need more police patrols, or anti-gang units
- › swimming pool
- › keeping children busy while not in school
- › water activities for summer, improve parks
- › snow plow all roads in winter
- › improvement on parks and swimming pool, leisure activities
- › add speakers for holiday music on the light poles
- › add more basketball courts
- › recycling center, full time animal control
- › you've been doing a good job
- › dog park, improve the public swimming pool
- › snow plowing in the winter
- › flower pots would look nice downtown
- › restrooms and water fountains
- › working water fountains, and improve the water quality because it smells
- › I only go to safeway
- › flowers downtown are pretty
- › clean up parks
- › fix up all the parks
- › cleaner parks with shade
- › more lighting in some neighborhoods
- › professional storefront business signs "NO" hand pointed/written signs
- › Bigger and better swimming pool where small children can enjoy as well
- › None

Public Spaces – Other Comments

Q: In your opinion, what investments in the city's public spaces would bring the most benefit to the community?

- › Water park to take the kids out to enjoy themselves instead of traveling to other cities and spending money there to enjoy a water park
- › #1, #2 and #3 - ACTIVE Chamber of Commerce - Not government.
- › Improve streets, Stassen Way, 5th Street to Euclid, Zorada to Hillcrest. Add curbs
- › tree on road is breaking the sidewalk
- › cat and junk cars issue with neighbor
- › splash pad and park restrooms
- › parking
- › Less criminals would be great. KEEP DREAMING!
- › Businesses don't need grants to throw some paint on their buildings. Maybe just a little city encouragement with a fine. And please stop just thinking about downtown when theirs plenty streets that need an upgrade. Maybe get pressured irrigation water to those that have to deal with the rolled irrigation water pipes filling with roots 3-5 times a year down on Adams street and N Elm Street. We have to go weeks on not watering till we get the pipes cleared. We have pressured water across the street for gods sake. We would even be willing for each to pay their share to get it to their property. We need pressured irrigation water pls.
- › Teach school children proper street rules nd enforce obeying them. Seriously.
- › Splash pad and more gardens
- › Clean public restrooms with a sink and soap!!! Can't believe we have the city can get away with unsanitary conditions! I have to leave the park or practice when my child needs to use the restroom.
- › Clean public bathrooms. Not Porta potties. We want flushing toilets running water clean.
- › Fix streets such as 5th street, forsell road
- › get rid of gangs and graffiti
- › having an indoor sports facility and hosting tournaments
- › graffiti needs to be controlled
- › improve busy streets- Grandridge
- › downtown businesses need a color code/restriction on obscene colors

Public Spaces – Other Comments

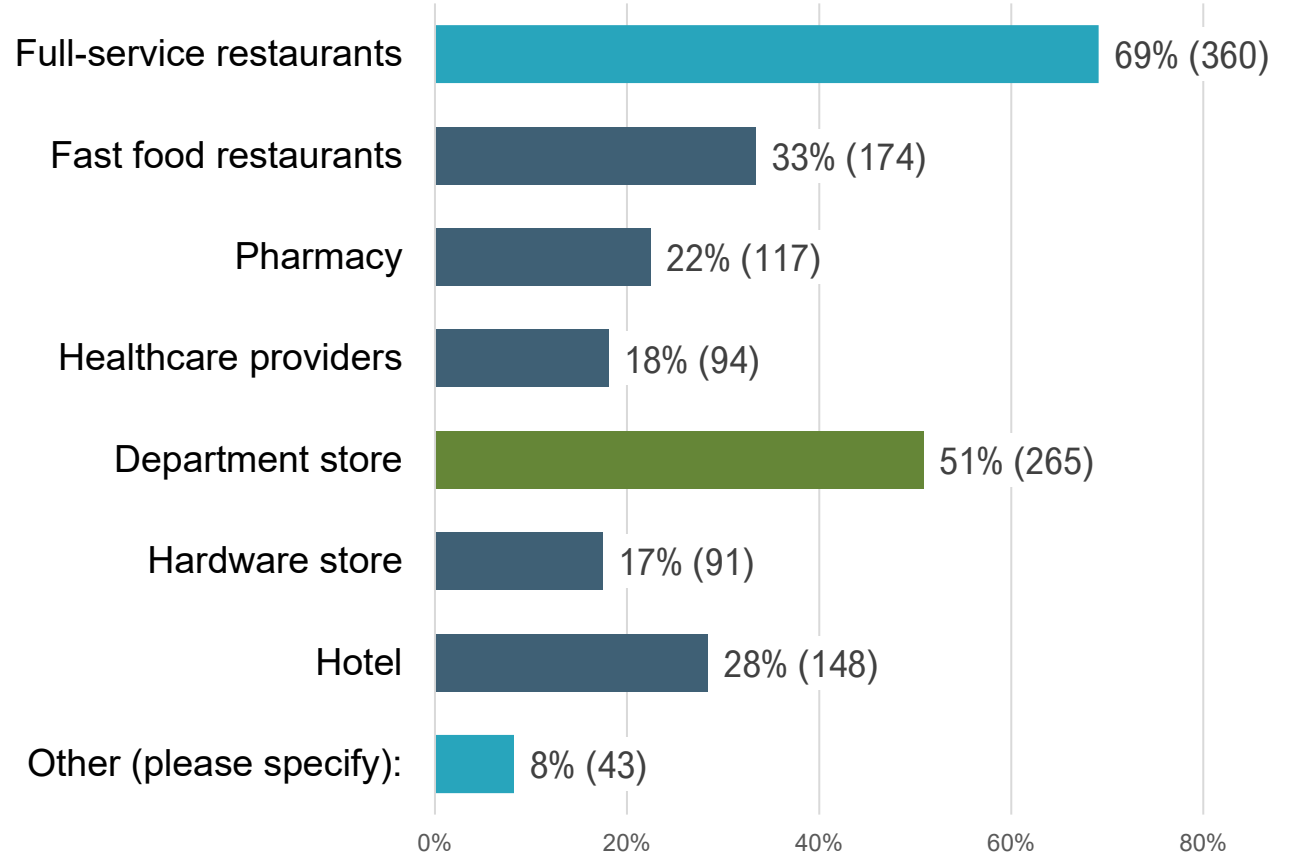

Q: In your opinion, what investments in the city's public spaces would bring the most benefit to the community?

- › light at Fir and Wine Country
- › restaurants
- › take care of gang markings on private properties

- › When my family and I go out to dinner, we always say we have to go out of Grandview to have choices.
- › Community event center, area for teens and families to take their children too; for example: bowling
- › Panda express
- › No chain stores that make land unaffordable for new small businesses. When a new business puts up a parking lot, they must include vegetation & landscaping! (Steam & cream for example) More local small businesses who can afford the rent. Clean up the vacant downtown buildings and make them rentable.
- › Ymca
- › Stay out of people's business. They will come if you have clean real bathrooms.
- › Indoor play center for kids
- › Brewery/winery
- › A truck stop like loves would have really done wonders for our community.
- › walmart
- › mental health
- › clothing store
- › organic food store
- › healthy cafe, acai bowl place

- › we have these
- › Leave it alone
- › better playground
- › skate park
- › splash pad
- › Update swim pool
- › Splash pad
- › Indoor swimming facility. We have the perfect location to host swimming events at state levels. Closest was Yakima Pool but that one is terrible. We have the perfect location! A skatepark.
- › Indoor aquatic center
- › don't know
- › not sure
- › classes for seniors
- › None
- › Youth sports/soccer leagues
- › Rehab
- › Skate Park
- › More options for later activities at the community center!
- › Activities at the community center for all ages not just youth and Seniors.
- › Street walking and sign obeying by children. They act like the own the city after school gets out.
- › Maybe organized sports for 3 to 5 years.
